Film Society

From time to time specific clubs or organizations are featured in this column to familiarize you with their activities. This week I would like to give special emphasis to a very interesting organization which is open for membership to everyone —the China Lake Film Society.

This Society is a non-profit social organization organized in May, 1953. It has grown steadily; at present there are over one hundred members. The objective of the Society is to present films of unusual interest and outstanding artistic merit for the enjoyment of the members and their guests. The films are uncut and uncommercialized, the kind shown at a much higher price elsewhere.

Beginning with September 1958, the Film Society introduced a new schedule. Instead of the 2-season series, the Society now operates a full-year series, thereby reducing the cost per year from $6.00 to $5.00. Films are shown the first, and sometimes the first and fifth, Monday and Tuesday of each month, from September through June. Also beginning in September, 1958, the films are being shown at the conveniently located Community Center at 8 p.m.

For those who are interested in joining the Film Society at the halfway mark, prorated season tickets are available at the next film showing on February 2 and 3. The cost is $3.00 for the remaining 7 films and shorts. Three free guest admissions are included with each ticket.

The feature film shown in February is "Lovers and Lollipops."

For the rest of the season, the program is as follows:

March 2-3, La Strada; March 30-31, The Italian Straw Hat (silent) and History of the Helicopter; April 6-7, The Young and the Damned and Lives of their Own (C); May 4-5, Colorful Nikko (C), Images Medievales (C), Conspiracy in Kyoto (C), BUMA, Henry Moore, and Grandma Moses (C); June 1-2, Miss Julie and Midsummer in Sweden.

The president of the China Lake Film Society is Neil Fetter. He may be contacted at Ext. 71729 if you would like further information.
