

CAP Squadron Studies Summer Project

SET FOR SOARING—China Lake Civil Air Patrol cadets study glider plans of Jimmie Craig (center) president of the China Lake Soaring Club, following his outline of the new glider instruction program the CAP Squadron will initiate this summer. Craig offers two scholarships, including solo flights, to qualifying cadets designated by Lt. W. O. Hamilton, Squadron 84 Training Officer.

CSC Would Abolish Family Restrictions In Federal Jobs

The Civil Service Commission has urged repeal of a law against too many members of a family working for the government. The 76-year-old family law provides that whenever there are already two or more members of a family serving appointments in the competitive service, no other member of the family, except a veteran, shall be eligible for appointment.

The law "is unrealistic in today's labor market and is an unnecessary limitation on appointments to the competitive service. Fear of nepotism in the Federal service was the original cause of the family law, CSC said.

Federal employment is barred by the family law "in a small but significant number of instances," CSC said. "It prevents the hiring of persons who are otherwise well qualified for government work."

The restriction not only bars qualified personnel from employment in shortage occupations, the report said, but it also cuts off local employment opportunities for many young people who have been reared in a tradition of government service.

Housewife: "I can't serve as a juror, your honor. One look at that man convinces me he's guilty." Judge: "Sh-h-h. That's the district attorney."

Nation's Postmaster Wars on Mail Filth

Postmaster General Arthur E. Summerfield has appealed for public support in his intensified war on "ruthless mail order merchants in filth who are violating the homes of the nation in defiance of the national government."

Obscene mail dealers today are taking advantage of one of the nation's most cherished privileges to carry on their smutty trade—the first-class letter that is guaranteed private. This sanctity of the letter must never be disturbed, but at the same time it is almost impossible for the Post Office Department to detect the materials sent by smut merchants in plain envelopes—unless we, the public, do something about it.

Materials contaminating the mails, Mr. Summerfield says, include filthy films and books, and dirty pictures, slides and related filth, advertised in highly objectionable circulars sent indiscriminately to homes here and all over the nation.

Mail order dealers in pornography and obscenity are realizing half a billion dollars a year from their filth business, he has reported to Congress. No wonder obscene mail business is increasing, he emphasized.

During a recent 12-month period the local postmaster was advised, postal inspectors concene mail, arresting 293 persons, an increase of 45 per cent over the previous year, and an all-time high.

The Postmaster General has reported to our local postmaster alarming cases where teenagers wrote away for auto parts and received later sex instructions advertisements; of new graduating classes whose names were taken from newspapers by filth merchants who circularized every member of the class; of youngsters who wrote in for model airplane catalogs or a set of stamps and later received materials or films portraying sex and perversion.

Mr. Summerfield is diligently trying to clean up our mails, but he needs help. The citizens of this community can assist by reporting receipt of obscene mail, or advertisements soliciting sale of such filth, including the envelopes, to the local Postmaster.

COMING EVENTS

NROC 11-1

Cdr. P. W. Nicholas, NAF Maintenance Officer, will discuss "Fleet Helicopter Operations at next Wednesday's meeting of Naval Reserve Ordnance Company 11-1 at 7:30 p.m. in Conference Room A, Michelson Laboratory.

Burroughs Box Social

An old-fashioned Box Social will be held at the Anchorage, tomorrow, June 6, with bidding beginning at 7 p.m. All Burroughs High School alumni and their guests are invited.

Quarter Midget Races

Mighty mite drivers of the Desert Empire Quarter Midget Racing Association are promising a top-notch show tomorrow night as they begin the summer racing season. Proceeds from this event will be donated to Navy Relief. Anyone interested in the organization is invited to contact Henry Linsea, Ext. 74524. Time trials begin at 6:30 p.m. with racing beginning at 7:30 p.m. at the Midget Track located on the SNOTR Road near the NOTS Kennels.

Vacation Bible School

Vacation Bible School classes, to be held at the Groves Street School, from 9-11 a.m., each weekday during the period June 22-July 3, will accommodate children from Kindergarten through the Sixth Grade in the divisions of Kindergarten, Primary and Junior. Registration must be completed on June 22, from 8:30-9:30 a.m. in the Kindergarten Hut at Groves School. A fee of 50 cents per child will be charged at registration; however, no more than \$1 per family will be charged.

Natural Science Club

Ruth D. Simpson, Associate Curator for the Southwest Museum of Los Angeles will be the guest speaker at the June 8 meeting of the China Lake Natural Science Club at 8 p.m. in the Community Center.

Unitarian Fellowship

Reverend John L. Reid, Jr., Pastor of the NOTS Community Church, will address the Unitarian Fellowship of Indian Wells Valley at its next meeting next Sunday, June 7, at 8 p.m. in the Anchorage.

Photo Society

The public is invited to the June 30 meeting of the China Lake Photo Society at 8 p.m. in the Photo Hut. Commercial aspects of photography will be discussed by Al Christman.

Safety Meet...

(Continued from Page 1) Mugu, spoke on "Driver Training and Use of Drivotrainer." Cliff Krieger, Safety Superintendent, Long Beach Naval Shipyard, acted as panel moderator for "Bureau of Employees' Compensation Problems." John Hilliard, Safety Engineer, District Public Works, San Diego, covered the topic of "Reliability Runs." Discussion periods followed each lecture, and a summation was presented by Arthur F. Freeman, Conference Coordinator, at the close of the two-day meet.

GEBA Assessment No. 31 Is Now Due

Due to the death of Richard Mardiros, 39, Code P17621, on May 29, Government Employees Benefit Association members are assessed \$1.10 each. Benefits in the amount of \$900 were paid to his widow.

Temporary Treasurer

While the secretary-treasurer K. T. Faust is on leave, payments may be made to Pat Colerick, Code 502, Room 1069, Michelson Lab, Ext. 72761, or mailed to China Lake P.O. Box 101.

Checks should be made payable to the Government Employees Benefit Association.

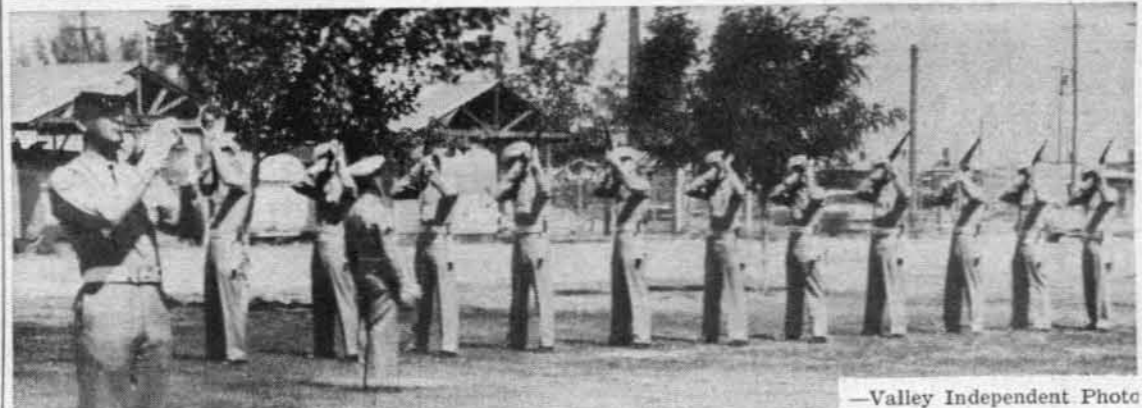

Giants Win First Place In Little League Play

Tommy Kline pitched the Giants into first place, defeating the Yankees 5-3 Tuesday night.

Although nicked for 10 hits, he kept them well spaced. Superb fielding by his team mates saved him the game. The Yankees had runners on base every inning but Tommy bore down and allowed only three runs.

Jay Osborne and Jimmy Baker pitched brilliant ball for the Yanks, allowing the Giants only 4 hits, but couldn't get the breaks.

First Half League Standings
Giants 7-2 Pirates 5-5
Tigers 5-3 Red Sox 4-6
Yanks 4-4 Dodgers 2-7

IN MEMORIAM—Marine Honor Guard fires a salute in memory of deceased veterans during last Saturday's Memorial Day exercises held at the Ridgecrest Park as a Marine Bugler prepares to blow taps.

Parents Plan—

All-Night Party For Graduates

Beginning with their commencement exercises tonight, the 1959 graduates of Burroughs High School have an entire night of fun and frolic in store for them at the Community Center.

At 10:30 p.m. dancing to the tunes of the Medley Men and the "Constellations," a midnight buffet, many games and two variety shows will be provided, climaxed by breakfast at 3 a.m. Rhythms by the Medley Men, RAFT Club Combo, will begin the dancing and at 11 p.m. the "Constellations" will take over until breakfast time.

Door prizes will be awarded at both variety shows, the first to begin at midnight and the second, a surprise act, beginning at 1:30 a.m. The NOTS Rockhounds and the Ceramics Club have contributed many of the special prizes.

Participants in the first variety show include barbershop tunes by the Sweet Adelines and SPEBSQ-SA choruses.

The festivities have been arranged by a committee of parents of the graduates, some of whom will act as hosts and hostesses on a rotating basis throughout the night-long celebration by the graduates.

Noted Scientist in Physics Gives Technical Lecture

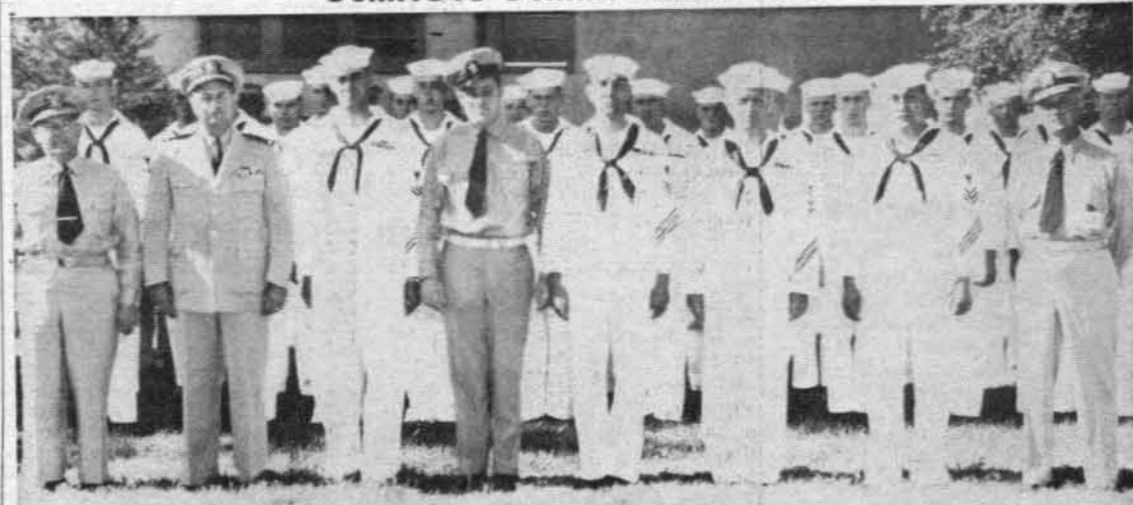

Dr. John Strong, Head of the Department of Astrophysics and Meteorology at the Johns Hopkins University, delivered a technical lecture at the Michelson Laboratory last Tuesday, June 2. His subject was "Uses of Balloons for Fundamental Meteorological Observations."

Modern Dance Class Begins Next Monday At Community Center

Any adult or teenager may enroll in the Modern Dance Class which will begin Monday, June 8, at the Community Center. The class will meet twice weekly—on Monday and Wednesday evenings, from 7-8 p.m. until July 29.

Instruction will be given by Joan Leipnik and Michaela Martin who have studied and performed in modern dance groups in California, Colorado, Chicago, New York and Seattle.

ComNOTS Commendation Mast

COMMISSARY & CLOTHING DIVISION—Personnel are called to quarters to witness a presentation of awards by Capt. W. W. Hollister (right). Attending the ceremony (l. to r.) are: Cdr. John M. Shea, Director of Supply; John W. Emberton, CWO, Commissary & Clothing Officer; and recipients E. E. Baker, CS2, in charge of Storage Branch; Wallace E. Baker, CSC, in charge of General Mess Branch; W. H. Mills, CSI; J. H. Tiedemann, CSI; and P. L. Matthews, CSI. Sixth awardee, W. L. Andrews, SK3, is not present. Commendations for outstanding performance of duties were earned for ranking second in the IIND District competition for the Capt. Francis E. Ney Award (for excellence in Navy Food Service) and for receiving the Inspector General Supply Corps' inspection rating of outstanding.

175 High School Seniors Graduate at Burroughs Commencement Exercises

Tonight, 175 Burroughs Seniors will receive diplomas—the climax and the conclusion of their high school years. The fourteenth annual Commencement Exercises will begin at 8:30 p.m. at the Station Theatre.

Invocation will be given by the lenic Achievement Award; DAR Good Citizenship Award; Elks Scholarship; Honorable Mention in National Merit Scholarship Exam; \$600 California State Scholarship Award; \$200 AAUW Fellowship Award.

James MacInnes — Outstanding Achievement Award; Honorable Mention in National Merit Scholarship Exam; \$600 California State Scholarship Award.

Guest speaker will be Dr. Harold Humbert. His speech has been entitled "Dreams Are Apt to Come True." Robert Roseth and Alan Robinson, Co-Valuedictorians, will discuss "Is Individuality An Illusion?" and "Living for Today," respectively.

Dr. Earl Murray, principal of Burroughs High School, will present the graduates as Albert S. Gould, local representative of the Kern County Union High School and Junior College Board of Trustees, confer the diplomas.

Music for the program will be under the direction of George A. Carson, and will be presented by the Burroughs High School band. Benediction will be said by the Very Reverend Monsignor John F. C. Ryan.

Senior Awards Members of the 1959 graduating class receiving special awards are: Carolyn Bidpath—Elks Scholarship, "Honors at Entrance" recognition from Antioch College, Ohio. Carolyn Barker—Bank of America Certificate in Home Economics. Celeste Neipp — Betty Crocker Award.

Mary Robison — Babe Ruth Award; Home Economics Scholarship award; elected Senior "Girl of the Year"; \$150 scholarship award from anonymous donor; chosen "Most Valuable Girl of the Year." Carolyn Haycock—Bank of America award in art; Bank of America Plaque winner in art and 1st place awards in local and county art exhibits.

Donald Davis—Research Society of America Award; Honorable Mention in National Merit Scholarship Test; Bank of America certificate in science; Bank of America Plaque in science, chosen as Alternate by State Scholarship Commission.

John Waddell — Kelly Award; Babe Ruth Award. Alan Robinson—Bank of America award in Mathematics, Elks Scholarship and chosen as Alternate by State Scholarship Commission.

Diane Renne — "Outstanding Natural Science Student of the Year" award; Bank of America certificate in English; Kern Panhel

Lilac Festival Participants Will Include NOTS Men

NOTS marching units, weapons displays and day-long movies about the Station will be featured in Tehachapi's second annual Lilac Festival tomorrow.

Beginning the festivities at 10 a.m., a parade will feature bands, floats, marching units and mounted groups. The Station will provide a marching unit under the leadership of Lt. D. E. Milone, including a Marine Color Guard and a Marine platoon in charge of Lt. Richard Patterson, and a platoon from the NOTS Enlisted Personnel Division, with Ens. W. A. Miller in charge. A Terrier Missile Carrier will also have a prominent position in the parade line-up.

Sidewinder and Zuni displays will be located at Tehachapi's City Park and continuous NOTS movies will be shown there throughout the day.

A western show, featuring Jimmy Rogers, son of the late Will Rogers, and John Josly, the original Red Ryder of radio and television fame, will begin at 1 p.m. Highlights of the afternoon include calf roping, a Texas stake race, team roping, barrel race and a cutting horse tournament.

For hungry Festival-goers a special \$1 turn-of-the-century pit barbecue lunch will be served at the Park from 11 a.m. to 2 p.m.

NOTS Hosts Supply Team

Seven major naval installations in the southland and two ships were represented by 47 Supply Corps officers during a visit to NOTS on May 27 and 28.

Arriving at the Naval Air Facility late on Wednesday afternoon, the official visitors were greeted by Capt. W. W. Hollister, Station Commander.

During their visit, the officers toured the test range facilities and witnessed missile firings. They were briefed on Station technical programs, undersea warfare and future weapons planning. Cdr. J. M. Shea, Director of Supply, spoke on the research and development programs as applied in Supply support.

As this group of official visitors includes those most directly responsible for providing supply support to the Station, it was considered important that they not only learn the vital role that NOTS plays in the present and future defense of our country, but to meet and talk with the people who are performing this mission.

Areas represented were San Diego, Miramar, Los Angeles, Long Beach, Port Hueneme, Point Mugu, Lake Mead, the USS Taluga, and the USS Guadalupe. The group departed from the Naval Air Facility on Thursday, May 28, at 5 p.m.

Liaison Officer Change

John L. Cox, Associate Department Head, Engineering Department, arrived in Washington, D.C., this week to take over the desk of the NOTS Liaison Officer, replacing Joseph H. Hibbs. Cox's six-week assignment will extend through July 10.

Assistant SecNav Visits NOTS On IIND Tour of Navy Facilities

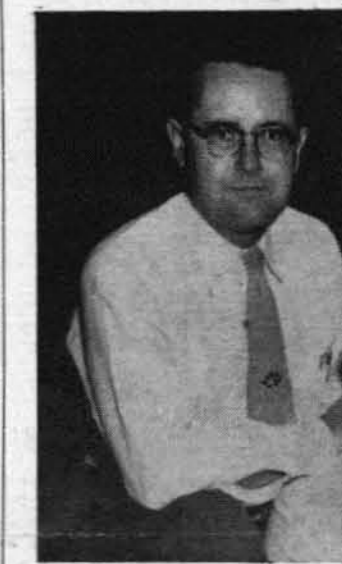

Honorable Cecil P. Milne, newly appointed Assistant Secretary of the Navy (Material), visited NOTS yesterday for the first time while on a tour of the 11th Naval District installations from June 1 through June 8. Accompanying him were Captain W. R. DeLoach, Jr., Naval Aide, and M. G. Wedeman, Assistant for Facilities, Office of Assistant Secretary of the Navy (Material).

Arriving at 2:50 yesterday afternoon at the Naval Air Facility, Mr. Milne and his party were taken on a tour of the Station, visited Michelson Laboratory, viewed films depicting the activities at NOTS, and were briefed on the technical programs by Dr. Wm. E. McLean, Technical Director. A reception in his honor took place during the evening followed by a dinner hosted by Captain W. W. Hollister. His visit was an opportunity for the Station to demonstrate its contribution to the Navy's role in the nation's defense.

Mr. Milne was nominated to be Assistant Secretary of the Navy (Material) by President Eisenhower on March 10, 1959. He was confirmed by the Senate on April 13, and sworn into office on April 17. He had served as Deputy Assistant Secretary of Defense (Supply and Logistics) since December, 1957, and succeeds Fred A. Bantz who became Under Secretary of the Navy. The official party departed from the Naval Air Facility at 8:30 a.m.

NOTS Author Is Printed in Russian

John Pearson, Head, Dynamics of Solids Branch, Research Dept., last week received one copy—in Russian—of the book he co-authored several

John Pearson

years ago with John S. Rinehart. Originally published by the American Society for Metals, the book "The Behavior of Metals Under Impulsive Loads" was translated by Dr. V. S. Lensky, Professor at the University of Moscow. It was published by the Foreign Literature Publishing House in Moscow last year.

Dr. Rinehart left the Station in 1955, and is now Director of the Mining Research Laboratory, Colorado School of Mines, Golden, Colorado.

It was not until last week when he received the book from Prof. Lensky that Pearson knew of the translation. The Russian edition (300 pages) has an indicated price of 12 rubles and 35 kopeks and the authors have been informed that all royalties are being held by the Russian government until such time that the men should happen to be in Moscow when they may pick up the money.

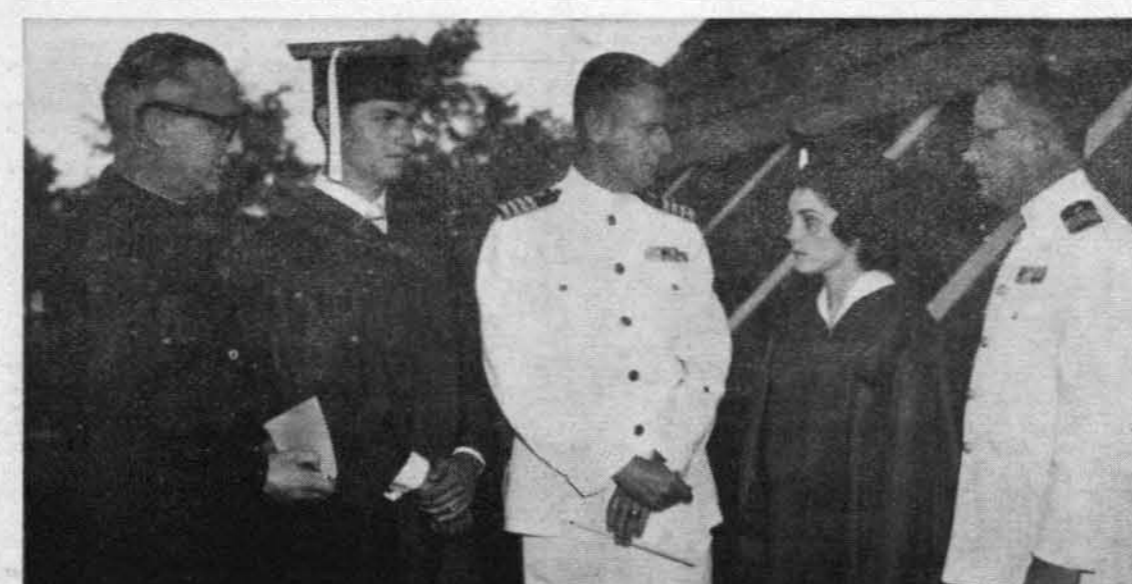

Eleventh Naval District Safety Men Meet Here for Two-Day Conference

"It has been a most profitable conference and one of the most enjoyable field trips we have ever taken," Arthur F. Freeman, Assistant District Civilian Personnel Director, commented yesterday afternoon at the conclusion of the two-day Eleventh Naval District Safety Conference held here.

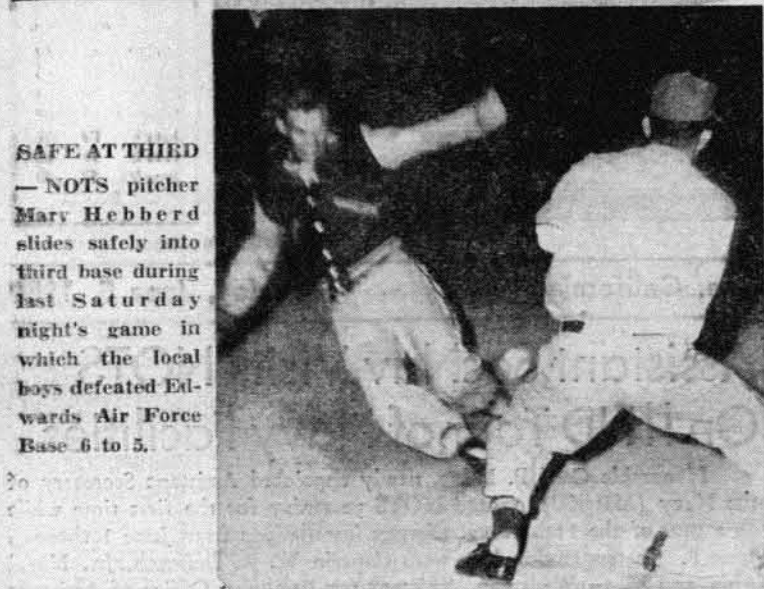

Every moment from the arrival of the visitors was planned from talks by outstanding safety authorities to comprehensive study and discussion of mutual safety problems, plus a tour to witness scheduled tests of NOTS items.

Station Safety Officer Cdr. R. N. Vehorn introduced Experimental Officer Cdr. D. E. Bruce who, in his welcoming address, outlined to the visitors the uniqueness of the Station in being able to follow through from the basic concept of a new weapon, its development stages, its tests, and its final introduction to fleet use.

Speakers and their subjects during the two-day conference were: George R. Sutherland, Ground Electronics Coordinator for NOTS, spoke on "Microwaves." Louis E. Florence, Head, Magazine Branch, Propulsion Development Department, NOTS, spoke on "Shipping and Storage of Explosives." Dr. William E. Hervey, O.D., Chairman, Optometric Association Committee on Highway Safety and Motorists' Vision covered the subject "Motorists' Vision and Highway Safety." Robert W. Stephenson, Assistant Division Head, Employee Development Division, NOTS, told of "Conference Leadership Applied to Safety Training." Dr. A. L. Baletti, Navy Radiological Defense Laboratory, San Francisco, outlined "Radiological Hazards." Ray Pedregon, Safety Engineer, Pacific Missile Range, Point (Continued on Page 4)

BACCALAUREATE — Seniors, Dallin Childs and Carole McCormick, in cap and gowns, represent their 1959 graduating class from Burroughs High School as they discuss Baccalaureate services with (l. to r.) The Very Reverend Monsignor John F. C. Ryan, Captain Harry B. Hahn, Station Executive Officer, speaker at last Sunday's services, and Chaplain Robert "Q" Jones. Monsignor Ryan gave the Invocation with the Benediction being presented by Chaplain Jones at the ceremonies held in the Chapel. Nearly 175 students will receive diplomas at the graduation exercises at 8:30 tonight in the Station Theatre.

SAFE AT THIRD — NOTS pitcher Mary Hebbard slides safely into third base during last Saturday night's game in which the local boys defeated Edwards Air Force Base 6 to 5.

After losing a 7-4 game to the Marine Corps Air Facility from Santa Ana last Friday night, the Station baseball team came back the next day to whip the Edwards Air Force Base club twice in both games of the doubleheader. Scores were 4-1 and 6-5. In the first game, Mary Hebbard pitched his best game of the season, allowing only four scattered hits while striking out 17 men. Vern McDonald led the NOTS team in hits, with a home run and a double. In the second game with Edwards, Lefty Unwin won his first game of the season. The next home game for the Station baseball team is on Friday, June 19, with Camp Irwin.

Some of the best softball of the season was played last week by Station intramural teams. Bert Anderson's perfect no-hit, no-run game last Tuesday was the week's best, giving the Pilot Plant team another victory—1-0—over NOTS. In another thriller, NAF beat VX-5 4-3 on Vern McDonald's last inning homer over the right field fence. The MCGMTU team is beginning to move up in the standings since the return of "Chub" Vaughan; one of the best pitchers on the team.

Bert Gallaway pitched another fine game last Monday night as the Engineers beat Bob Rappuchi's Clippers 2-0. Game times on Monday through Thursday are 6:30 and 8:30 at the Beer Hut Diamond.

California Cuties
Get set for a lot of laughs because the California Cuties are coming our way Friday night, July 3, 8 p.m. at Schoeffel Field. Featuring such stars as Liza Jane, the zaniest gal around; Christine, from England, truly the body of softball. Then, too, there's Grandma Gruper, making certain that her girls stay on their best behavior. Don't forget Beulah, from the land of the rumba, cha-cha-cha and tango, who, "though known as the baby of the family (36 inches tall) possesses one of the strongest arms in softball. These and many more are in store for those who come to this no-admission, funniest and daffiest show in the world of bats and balls.

The Cuties will be opposed by an all-star team selected from the intramural league. Everyone is wel-

come to attend and no passes will be required for off-Station people. Just tell the Marine sentries that you plan to see the California Cuties.

Softball Schedule
June 8, CPO vs. NAF, 6:30
June 8, Test vs. Pilot Plant, 8:30
June 9, MCGMTU vs. Engr., 6:30
June 9, VX-5 vs. Clippers, 8:30
June 10, Clippers vs. NOTS, 6:30
June 10, Engr. vs. VX-5, 8:30
June 11, MCGMTU vs. Test, 6:30
June 11, CPO vs. Pilot Plant, 8:30

Horseshoes
The intramural horseshoe tournament was completed May 25 with H. E. Easter winning the singles, and Maurice Snydam finishing second. In the doubles, Gordon Zurr teamed up with Snydam to win while Art Paekham and H. E. Easter finished second. Trophies will be awarded to these men by NOTS Special Services Division.

What's Doing IN RECREATION

By Jean Cone, Recreation Director

What are your favorite forms of recreation? June is Recreation Month, and according to the National Recreation Association, sponsor of the observance, we Americans spend more money on concerts than on professional ball games. We spend about the same amount of money on our concerts as we do for popcorn at movie theatres!

The purpose of National Recreation Month is to offer people of all ages new and constructive ideas for the use of leisure and to acquaint them with the many opportunities for recreation available in their own community. To promote the recreation facilities and activities sponsored by Special Services at China Lake, Summer Recreation Guide posters will be distributed this week. If one is not available in the building where you work, please contact the Special Services Office, Ext. 71791.

Adult Station Dance
The next Adult Station Dance will be held at the Community Center on Friday, June 19. The theme of the dance will be Hawaiian and will feature Paul Valencia and "The Beachcombers" musical group plus an intermission show of outstanding and authentic Hawaiian talent. Aloha shirts and Hawaiian-style dresses will be acceptable for the occasion.

RAFT Club News
Don Hoggan resigned as teen-center director this past week. Stefa Delys, formerly the assistant director, will be in charge of teen activities at this facility. Due to these staff changes, parents of RAFT Club members and interested community organizations or individuals are urged to actively support this important program with volunteer services. Only with community support can Miss Delys carry out the vigorous summer activity program that has been planned. You are invited to visit the RAFT Club or call Miss Delys, Ext. 72091, for further information on volunteer services needed.

One of the first summertime activities is scheduled for June 14 when the Sports Car Club sponsors a Gymkhana obstacle course event for all RAFT Club members. The event will be held on the RAFT Club parking area and the course will be designed for skill and accuracy rather than speed. Special awards and trophies will be given to the winners. The event is not strictly "Sports Car." Club members may drive whatever make or vintage car is available to them, and all cars will be properly classed. Important note: This event is open to the gals as well as the fellows, and will be most worthwhile as well as a lot of fun.

Two fine dance events are planned for the RAFT Club June events. The "Summertime Fun" semi-formal dance will be held on Saturday, June 13, as a proper prelude to the Gymkhana. The very popular "Constellations" will again be playing. "The Medley Men," RAFT Club's own combo, will furnish the music and entertainment for the June "Birthdays Party" dance to be held on Saturday, June 27.

Off-Station Recreation
Tomorrow Tehachapi holds its annual Lilac Festival. This is the height of lilac blossoming season on the slopes of Tehachapi Pass and this picturesque mountain town at an elevation of 4000 feet holds its festival highlighted by a queen's

ball, ham-boat, barbecue, and calypsoing.
Hesperia returns to what the West used to be on June 6-7. There will be a mile-long "land rush" race with horse and buggies, three-mile Pony Express relay race, "leather-slapping" (quick draw) derby, and re-enactment of famous Western gun battles. The highlight of the activities will be the California Jr. Championship rodeo.
"Eyes of Industry," best of technical illustrations by artists of aircraft, electronics, and missiles, will be shown at the Museum of Science and Industry in Exposition Park, Los Angeles, through June 21.
