Richmond School; and Charlotte Rice, Rowe School.

### Second Place Winners

Second place Red Ribbons in the adult division were awarded to: Hilma Lindor, Mary Ann Cavalliere, Joan deGroot, Maria Peck, and Betty Ann Wilson. In the high school division were: James Freeman. In the elementary division were: J. C. Osborn, Marilyn Williams, Hazel McDufr, James Santangelo, Michael Hendrix, Becky Ortega, Lou Ellyn Jones, David Godfrey, Steve Fountain, and Paulette Bauer.

Third place White Ribbons in the adult division were awarded to: Mary Polk, Jan Hoagland, Lorraine McClung, and Pam Jacobsen. In the high school division: Barbara McDonald, Janice Machowsky, and Judy Hansen. In the elementary division: Carter L. Wilson III, Carol Rae Becker, Douglas Johnson, Jim Howard, James Henry, Jane Winward, Rocky Bayer, David Lewis, Richey Morgan, Mollie McCammon, Jo Anne Samons, Sue Ellen Charlton, Larry Brown, and David Van Meter.

### Honorable Mention

Green honorable mention ribbons in the adult division were awarded to: Martin Kaufman, Agnes Blew, Joan deGroot, Mary Ann Cavalliere, Henry Hummel, Jan Hoagland, Betty Ann Wilson. In the high school division were: Elizabeth Jeffries, Patricia Guzzi, James Freeman, and Ayse Akinci. In the elementary division were: Duane Huff, Patricia Taunton, Tom Nelson, Audrey Slade, Linda Godfrey, Rebecca Sue Wilkie, Steve Claussen, Kathy Drummond, Janet Wilson, Elizabeth Ward, Jimmy Dalton, Sue Ellen Charlton, Larry Walker, Joey Dunn, and Janice McMurry.

Three local well-known artists, Phillip Schuyler, Hazel Porter, and Adelaide Williams selected the abstract watercolor of Pamela Jacobsen entitled "Azurite" and the watercolor painting of Barry Schilberg "By the Sea" to be nominated for the annual traveling art display which is shown in the libraries of Kern County.

### Double Blue Ribbon

Barry Schilberg, the only double blue ribbon winner in the show, also had both of his entries acclaimed by the popular vote of the audience. His "oil 'Tempest'" was chosen the favorite of the exhibits, and his watercolor "By the Sea" was the second popular choice. The public voted Margaret Mack's oil painting "Ebb Tide" third; Rev. W. H. Flygare's oil painting "Last Mile" fourth; and fifth choice was Mrs. J. M. Miller's oil of "Lady in

## Navy War Games Prove Peace Possible

An outbreak of World War III was avoided here last week as five nations met in a mock war game of "Operation Simulation." Efforts of the 40 Station personnel—military, department heads, scientists and engineers—and eight graduate students participating in the exercise, resulted in widespread peace and prosperity for their fictitious "world" of five nations.

WORLD NEWS—Ted McAlister (1), editor of the Inter-Nation Times-Herald, and Jerry Pottebaum, editor of the World News, relay news of "policy decisions" made by the nations to the rest of the world.

DIRECTOR—Northwestern University's Professor Harold Guetzkow (c), who directed the "inter-nation simulation" game, is shown checking the tabulations on each nation's progress with his assistants.

## Need Participants For Wildflower Hunt

Collection of specimens for the forthcoming Wildflower Show will take place Thursday and Friday, April 21-22, and method for area prospecting will be discussed at a meeting set for Monday, April 18, 1 p.m., at the Club.

Wildflower enthusiasts who would be available for the excursion are solicited. Jeep owners are especially in demand for trips to outlying areas where special varieties may be found. Areas have been mapped and the prevailing blooms indicated.

Requisite equipment which pickers are asked to collect include milk cans, cottage cheese cups with covers, large plastic sheets or plastic cleaning bags. Wet peat moss will be supplied.

Anyone requiring gate clearance to attend the meeting may call Billie Hise, Ext. 77064, or Jean Bruce, Ext. 72797.

## Veterans Reminded Of GI Bill Deadline

Under present law, July 25, 1960, is the cut-off date for which World War II veterans may apply for GI home, farm or business loans.

Applications submitted on or before the deadline will be allowed an additional year, or until July 25, 1961, in which to have the loan processed and actually closed. Korean-conflict veterans have until January 31, 1965 to make GI loan applications. World War II veterans who also served during the Korean conflict are eligible for the 1965 deadline.

The VA direct home and farm-house loan program for both World War II and Korean-conflict veterans will expire on July 25, 1960. Local veterans applying for direct loan must receive their commitments from the Veterans' Administration by July 25, 1960, in order to receive the direct loan funds.

Interested persons desiring further information may contact Juanita Cox at the Ridgecrest County Building, Ext. 83231.

Blue ribbon winners will now enter their works in the county finals to be held at the Cunningham Memorial Gallery May 7-22. Professional artists in this area who are entering the competitive professional gallery at the county finals are Rev. Paul Neipp, Elizabeth Anderson, Hazel Porter and Bruce Haig.

## College Placement Official Visits Here

Dean J. P. Colbert, Director of the Student and Alumni Placement Bureau, University of Nebraska, has been a guest of the Station this week.

As part of a planned series of visits designed to acquaint key University Placement officials with the Station's employment opportunities for future graduates, Dean Colbert is the sixth to meet with Station administrators this semester.

During the week, Dean Colbert has conferred with the Station's scientific and management supervisors and his schedule included trips to laboratories and range facilities.

Highlighting the social events of the week was a dinner party on Wednesday hosted by Station personnel from the University of Nebraska. Dean Colbert concludes his Station visit at Pasadena today.

tion by our Navy officers and scientists proved the deterrent factor in preventing attacks on their five hypothetical nations.

Each nation was given the vowel names of Alpha, Egra, Ingo, Utra, and Omne. Each had a history, population, economic, political and military factor. Goals, not unlike a world political situation that exists today, were given as guide lines to the "policy makers."

Three nations were dictatorships, two were a democratic form of government with a chief executive. During the operation, three rebellions and the impeachment of one executive occurred.

A similar war game conducted at Hoover Library, Palo Alto, resulted in a disastrous war.

War games have been used for training purposes for hundreds of years, according to Professor Harold Guetzkow of Northwestern University, who directed the operation here. "The Nazis used it extensively prior to World War II, as did the Japanese. Russia is believed to be doing it considerably today."

The trend away from the old theory that a war machine was created only to fight, was pointed up strongly during the conference.

## Election Year

## All Servicemen Urged To Get Out and Vote

A Presidential election which promises to be a fought race is the featured attraction of 1960 and servicemen are urged to do their part.

The price of admission is the ballot, a commodity so inexpensive yet so vitally important that it's this nation's most cherished product.

Under the Federal Voting Assistance Act of 1955, servicemen and government employees are encouraged and assisted in voting by absentee ballot.

Other groups covered by the act are (1) members of the Merchant Marine and their dependents (2) civilian employees in all categories serving overseas and their dependents accompanying them. It does not matter whether the employee is subject to civil service laws and the Classification Act of 1949 and whether or not he is paid from funds appropriated by Congress.

And (3) members of religious groups or welfare agencies assisting servicemen and their dependents are also covered by the act.

The Federal Post Card Application for Absentee Ballot (FPCA), can be used by those included in the act if the state or territory so authorizes. Acceptance standards and procedures vary from state to state.

Requests for ballots should be neatly printed or typewritten on the FPCA. The applicant's name must appear twice, once handwritten. Military addresses should be made clear.

If application is made by letter, substantially it should contain the same information as required on the FPCA. It should be mailed as early as the state permits.

The state, city or county in which a person lived before entering military or government service is usually considered his legal residence for voting. Time spent in the service counts in meeting the total residence requirements.

When the ballot is received, the envelope shouldn't be opened until the instructions on it have been read. If there are no instructions, it may be opened immediately.

In accordance with Federal law and Armed Forces regulations, non-commissioned, warrant, petty or non-commissioned officer will attempt to influence any person on his choice of candidate. The actual marking of the ballot must be done secretly. This is required law.

Primary contests loom in many states. Eligible service and civilian voters should check their home state regulations to see when they may vote. (AFPS)

## CL Boat Club Plans Lake Mead Outing

With the advent of boating weather, the China Lake Boat Club has planned an outing to Lake Mead over the Easter holidays and over twenty families have begun initial preparations.

Members will leave at various times during the weekend, so coordinated travel to the assembly point will not be observed. Boats will be launched at Temple Bar where a club registrar will be maintained and camp headquarters will be established at the Sand Bar.

Larger boats will assist in carrying camping gear for smaller craft and all boaters are reminded to take emergency equipment. Those wishing to participate in the excellent fishing may secure licenses at Las Vegas, Boulder Landing, or Temple Bar.

Since the outing takes place during the school vacation, a tour through the Hoover Dam Hydro Generating Plant will be arranged for the youngsters.

Non-members wishing to join the excursion may call Harold Heynen, Ext. 71637, for charts and miscellaneous instructions.

WORLD PROBLEMS—Policy makers making a break from making world shaking decisions during "Operation Simulation." Seated (l-r): are: Capt. I. S. Moore; Dr. Newt Ward; Barney Smith; Cdr. Sid Brooks; Kel Booty; Jim Bartling; and Capt. E. B. Hahn. Standing (l-r) are: Ed Jones, a UCLA graduate student; Dr. Frank Bothwell; and H. G. Wilson.

## ROCKETEER

BUDD GOTT, EDITOR PHONES 71354, 72082, 71655 OFFICE, HOUSING BLDG., TOP DECK

## Fatal Illness Takes Assemblywoman Dorothy Donahoe

Assemblywoman Dorothy M. Donahoe of the 38th Assembly District, a frequent visitor and active participant in civic and community events in the China Lake-Ridgecrest area, died Monday night in a Sacramento hospital of a severe attack of pneumonia.

During the last eight years of her dedicated life to government service, Miss Donahoe was the recipient of numerous achievement awards.

As chairman of the Education Committee of the California Assembly, she authored the 1959 legislative resolution to bring about the development of a master plan for higher education in California. Although suffering from illness the past two weeks, she exerted every effort to direct the legislation to its culmination. According to Governor Edmund G. Brown when informed of her death, this last bill will be a real monument to her intelligence and ability.

At press time, an announcement was received that the plan, named "Donahoe Higher Education Act" in her honor, won final approval in the Legislature with a 70-0 vote by the Assembly Tuesday.

Among her most outstanding citations were her "Woman of the Year" award from the Los Angeles Times last year for her work in government; a state award for outstanding legislative service by the California Council for Retarded Children; a citation received last week from the California Teachers Association for her outstanding service to education; a State Service Award presented by the California Vocational Association for her support of veterans apprenticeship training programs.

She first ran for public office in 1951 through the encouragement and backing of the State Federation and Central District Business and Professional Women's Clubs. Miss Donahoe is a past president of the California Federation of BPW Clubs. She was born in Los Angeles 49 years ago, but spent the greater part of her life in Bakersfield.

Application for benefits under the current Public Law 85-857 must be made before June 30, 1960, as it will be replaced by Public Law 86-211, effective July 1, 1960.

The outgoing statute contains a saving clause which prevents any pension reduction for veterans, widows, and their children. Pensioners wishing to continue benefits under this law must file claims before June 30. New applicants retain the privilege to select paying the under the incoming statute if they consider it more advantageous.

Additional information may be obtained by contacting Juanita Cox, Veterans' Service Officer, at the County Building, Ridgecrest, Ext. 83231.

BACKSTAGE INTERMISSION—Conductor Henri Temianka briefs symphony members on how he wants them to play Saint-Saen's "Carnival of Animals" in the second portion of last Tuesday night's concert which concluded the NOTS Civic Concert Association's season. In background is Dr. Ivar Highberg, the Association's president.

## Four Plans Firmed Up For CS Health Program

Four plans have been firmed up for the choice of Federal employees under the government-sponsored health insurance program which starts July 1, according to a United Press International release from Washington this week.

The Civil Service Commission already has arranged details of the Federal Employees Health Benefits Program with the Blue Cross-Blue Shield and Indemnity Insurance Companies.

The Commission still is negotiating with group pre-payment organizations and Federal employee groups.

**Indemnity Plan**  
Under the Indemnity Insurance plan, single workers would pay \$2.82 or \$3.94 a month and married employees would pay \$6.75 or \$10.70 a month.

One Indemnity Insurance plan would pay the first \$1,000 of hospital year and board bills each calendar year and 80 percent of all over that amount. It also would pay 80 percent of charges of all over that amount. It also would pay 80 percent of charges over the first \$50 for other hospital, surgical and medical expenses.

A less expensive Indemnity plan would pay \$250 for hospital room and board each calendar year and 75 percent of charges above that. It would pay 75 percent of other expenses above the first \$50.

**Blue Cross-Blue Shield**  
For Blue Cross-Blue Shield coverage single employees would pay \$2.82 or \$4.57 monthly and married workers would pay \$7.45 or \$12.61 a month.

One Blue Shield-Blue Cross plan would pay all hospital costs for up to 120 days in the hospital. The worker would pay the next \$100 and then the plan would pay 80 percent of any additional expenses up to a maximum of \$20,000.

The plan would pay all surgical and medical expenses of married workers making less than \$6,000 annually and single workers making less than \$4,000 a year.

A less costly Blue Cross-Blue Shield plan would pay up to 30 days of hospital room and board and other hospital expenses. The employees would pay the next \$200 and then the plan would take care of 75 percent of additional bills up to a maximum of \$5,000.

All surgical and medical bills would be paid for married workers making less than \$4,000 a year and single workers making less than \$2,500 annually.

As soon as further information is received regarding the other various health plans, such information will be published for the benefit of NOTS' employees.

Prior to July 1, every NOTS employee, whether or not they wish to use the benefits of the new health program, will be required to complete and file a registration form.

## To Speak Here

FIRST VISIT—Vernon Rocket National AFGE Representative will meet with Station Commander Capt. W. W. Hollister Monday afternoon for a discussion on employee-management items, then Monday evening at 7:30 he will speak at the meeting of Lodge 1781 of the American Federation of Government Employees to be held in the Community Center.

## Farewell Party Tonight To Honor Art Bissel

Art and Marge Bissel, who have been at NOTS since 1946, will be honored with a going-away potluck supper to be held this evening at 7 o'clock at the Anchorage.

The Bissels will leave the Station April 15 for Subic Bay in the Philippines where Art will assume the duties of the Director of Planning and Design in the Office of the Officer in Charge of Construction there.

BUWEPS SURVEY TEAM—A group of officers and civilian personnel known as BuWeps Comprehensive Survey Team No. 2 are shown at NOTS during a general inspection tour this week. Shown in front row (l-r) are: Dr. Wm. B. McLean; Capt. E. M. Day, Team Chairman; Capt. W. W. Hollister; and T. E. Kessing. In second row (l-r) are: LCdr. E. J. Markkanen; Cdr. A. L. Anderson; W. C. Sexton; A. C. Micke; and W. M. Kurak. Third row: E. D. Cooper; Capt. P. M. Carbiener; Cdr. W. B. Auckland; C. H. Clark; J. F. Fitzgerald; and Cdr. Oscar Gray Jr. In back row are: W. H. Hall; Capt. E. M. Williams; LCdr. J. F. Ahearn; Lt. W. E. Davis Jr.; and Cdr. J. B. Henneberger.

## 18-Man Bu Weps Team Conducts Survey Here

A comprehensive study of the Station's facilities was conducted Monday through Wednesday by an 18-man Survey Team composed of top civilians and military personnel from BuWeps.

Objectives of such surveys are to promote efficiency and economy in an activity under BuWeps management control. Specific areas surveyed are: the state of work, discipline, and morale; compliance with regulations and directives, including recommendations of previous survey boards; efficiency of operations and administration.

Also, management effectiveness; the state of the physical plant; planned future changes in program or plant; and the capability of the activity to fulfill its mission.

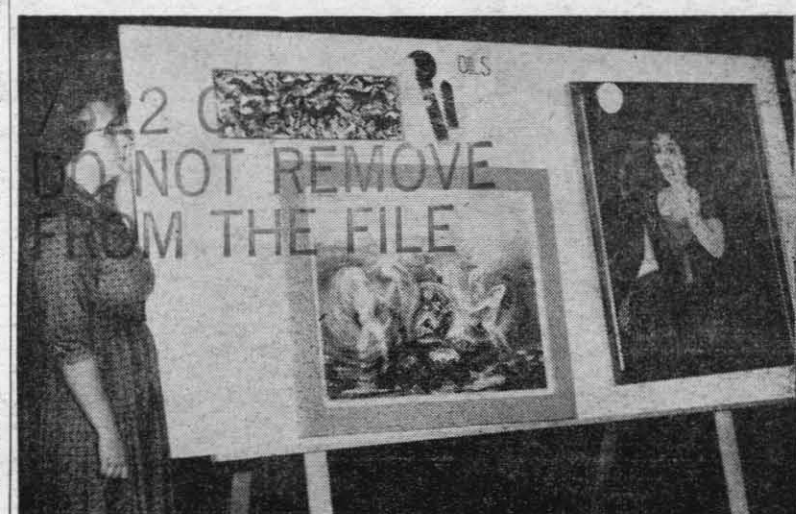

Heading up the 18-man team was Captain E. M. Day, an Academy classmate of Captain Hollister. Other military members on the team were: Capt. E. M. Williams, SC; Cdr. J. B. Henneberger, SC; Capt. P. M. Carbiener, DC; Cdr. A. L. Anderson, MSC; Cdr. E. V. Lyons, Chaplain; LCdr. J. F. Ahearn, Lt. W. E. Davis Jr., CEC; Cdr. Oscar Gray Jr., MC; and Cdr. W. B. Auckland.

Civilian members of the team were: E. D. Cooper, A. C. Micke, W. C. Sexton, T. E. Kessing, C. H. Clark, J. F. Fitzgerald, W. H. Hall, and W. M. Kurak.

On Monday members of the team were conducted on a tour of the housing area, after which they witnessed an A3J seat ejection test at SNORT, followed by a tour of the G-1 Range telemetering station.

On completion of their survey here, Wednesday evening, the group left by plane for March Field. From there the team will go to NOL Corona to conduct a survey, after which the team will divide, with one half going to Seal Beach and the other to Pasadena, to conduct similar surveys.

Elementary division winners were: Joey Dunn, James Monroe School; Michael Hendrix, Richmond School; Jo Ellen Cox, Groves School; J. C. Osborn, Paulette Bauer, and Carol Ann Heddel, Murray School; Stephen Schreiber, (Continued on Page 4)

ART FESTIVAL EXHIBITS—Lorraine McClung, chairman of last weekend's Kern County Art Festival, is pictured with some of the award winning exhibits. Shown upper left is Ruth Samons' Sweepstakes winner, "Stamper"; lower left is Hilma Lindor's "Water Sprites" and right is fifth place popular vote winner "Lady in Blue" by Mrs. J. M. Miller.

## Simple Telephone Courtesy Does Wonders on the Job

If a man stopped you on the street and asked for directions, you wouldn't ignore him. You wouldn't snarl at him. Most likely you'd go out of your way to be pleasant and helpful. But suppose he telephoned you?

Would you answer the phone in an agreeable voice, identifying yourself and the organization and section you represent? Or would you mutter, mumble or blast your caller's eardrums with a bellow?

Many of us are guilty of telephone discourtesy. We fail to modulate our voices to a reasonable pitch. We answer questions in jarring, disconnected phrases. We terminate conversations abruptly and hang up without making certain that our party has no more to say.

Haven't you often put down the phone after talking with a stranger and thought, "Now there's someone it would be a pleasure to meet." Why? Because he or she communicated a likeable personality over the wire, making a favorable impression on you, sight unseen. Keep that in mind and the phone becomes your own powerful instrument for winning friends and influencing people. (AFPS)

## Promotional Opportunities

Current Station employees are encouraged to apply for the positions listed below. Applications should be accompanied by an up-to-date Form 58. The fact that positions are advertised here does not preclude the use of other means to fill these vacancies.

**Secretary (Typing), GS-4, PD 26056, Code 4531.** Responsible for formulating progress reports from rough drafts; maintains proper control of fiscal matters, budgets, etc.; prepares resumes of conferences and meetings and miscellaneous duties.

**Personnel Clerk (General) (Typing), GS-4, PD 035004, Code 35.** Maintains a variety of records, files and reference publications relating to personnel actions, prepares the appropriate type document to initiate personnel actions; completes special reports and projects as requested; furnishes secretarial and clerical services to the Asst. Dept. Head and/or Administrative Assistant.

**Secretary (Steno), GS-4, PD 30067AM, Code 652.** Makes personal and telephone contacts; gathers and presents information; establishes and maintains files, composes and reviews correspondence, takes and transcribes dictation, miscellaneous.

**File application for above positions with Dixie Shanahan, Room 26, Personnel Bldg., Ext. 72676, by April 15.**

**Physicist, GS-11, Code 405.** Two vacancies for positions in 405. Duties include research and development in major weapon system. **Electronic Engineer, GS-11, Code 405.** Three vacancies for positions in 405. Duties include design and development work in major weapon system.

**Model Maker (Mechanist), \$3.07 to \$3.33 p/h, Code 4011.** **Electrician, \$2.83 to \$3.07 p/h, Code 4056.** **Engineering Technician, GS-9, PD 28873-1, Code 3083.**

**General Engineer, GS-12, Code 4062.** File application for above positions with Pat Dettinger, Room 34, Personnel Bldg., Ext. 72632, by April 15.

**Clerk-Typist, GS-3, PD 975005, Code 7530.** Typist, files, and assists in the recording and distribution of periodicals; receives and checks in books procured on open and blanket purchase orders.

**Supervisory General Engineer, GS-12, PD 13905, Code 5521.** Supervises Servo System Section and acts as project engineer on vari-

## Holy Week Services

### Community Church

Holy Week will begin with special services on Palm Sunday, April 10, in the All Faith Chapel. Chaplain Robert "Q" Jones will preach at 9:45 a.m., and the Rev. John L. Reid Jr. will speak at 11 a.m.

A communion service will be held on Maundy Thursday at 7 p.m. in the All Faith Chapel, replacing the usual Wednesday Lenten service. Congregational-type communion will be served and Chaplain Jones will deliver the meditation.

The Chapel Choir will present "The Seven Words of Jesus Christ on the Cross" on Good Friday, at 8 p.m.

The Chapel Choir will sing at both 9:45 and 11 a.m. services on Easter Sunday.

### Catholic Services

Private blessing of Palms will precede 7 a.m. Mass on Palm Sunday at the All Faith Chapel; Masses will also be observed at 8:30 a.m. and 4:45 p.m.

On Holy Thursday, a Solemn Mass will be celebrated at 8 p.m. Meditation will begin at 11 p.m., followed by Nocturnal Adoration.

Good Friday will be marked with the Veneration of the Cross, and Communion, beginning at 4:45 p.m.

Holy Saturday will be observed with Blessings at 11 p.m. and Solemn Mass at midnight.

Masses on Easter Sunday are scheduled for 7 and 8:30 a.m., and 4:45 p.m. at China Lake; Randsburg, 9:30 a.m., and Ridgecrest, 10 a.m.

### Passover

Passover Seder will take place at the Hideaway at 6:30 p.m. Monday, April 12, with Rabbi Ben Leinow officiating.

Following services and dinner, the congregation will adjourn to the NOTS Hebrew Temple in the East Wing of the All Faith Chapel for dessert and entertainment. All service personnel are invited as guests.

For reservations call Ruth Schuyler, Ext. 74824, or Marty Kaufman, Ext. 725923.

### UCLA Counselors to Visit NOTS April 12

Professor Philip F. O'Brien of the Department of Engineering, and Professor Thomas H. Southard of the Department of Mathematics at UCLA will visit the Station next Tuesday, April 12.

Students who wish to discuss their educational programs with either Professor O'Brien or Professor Southard may arrange appointments through the Education Office, Room 1004, Michelson Laboratory, Ext. 71759.

There are two kinds of men who never amount to much—those who cannot do what they are told, and those who can do nothing else.

Besides receiving \$100 award money, Carolyn, Florence, and David were given a two-day, all-expense paid trip to Kings Canyon Project courtesy of the Pacific Gas and Electric Company.

Belmont Frisbee Jr. was the recipient of a Superior Achievement Award with \$25 for his electronic calculator "ADICOR."

It was further noted that eight of the nine Burroughs entrants received recognition ranging from first place awards through Merit

### Travels 6,600 Miles for Red Cross Badge

**DELAYED ACTION**—Frances C. Barlow, RN, receives Red Cross nurses badge from Jane LaRosa (r), Home Nursing Chairman, with Chief Nurse Cdr. Iris Givens in attendance. Frances completed the Red Cross requirements in October 1958 at Luzon, P.I., where her husband had been stationed, and 3 months later made the move to China Lake. Sixteen months and over 6,000 miles later, the climax is recorded.

## Sport Slants

By Chuck Mangold, Athletic Director

The Ninth Annual City Championships Tournament of the China Lake Bowling Association came to a close last Sunday night with Ace TV of the Classic League emerging as the new City Champions. Team captain Ken Williams set the pace with a 583 series, Ace TV rolled a 2,981 series, including handicap.

Doubles Champions Tom Wilson and Bob Thompson won with a 1,294 series including handicap. Singles Champion is Donald Farnham who rolled a 675 series including handicap.

Handicap All Events Champion is Jim McGlothlin, rolling a 1,642 scratch score for nine games, plus a 210 pin handicap for a total of 1,912 pins. Scratch All Events was won by Howell "Dave" Davidson with a nine-game series total of 1,867 pins.

Tournament results will remain unofficial pending certification of winners' averages by league secretaries. In addition to the cash prizes won by the new champions, each will receive a shoulder patch designating the championship. The Scratch All Events winner will not receive a cash prize but will receive a trophy donated by the NOTS Special Services Division.

## What's Doing IN RECREATION

By Jean Cone, Recreation Director

A second monthly meeting of the Recreation Club will be held in the Recreation Hut (formerly Supervisor's Hut) on Tuesday, April 12, at 7:30 p.m. The Club will select a name and the Organization Committee will present their recommendations regarding Club By-laws and activities administration.

A coin auction will be held after the business meeting and program. The auction is the highlight of the Club program as it provides an opportunity to buy or sell the more scarce coins or material.

Bidding was very active on the seventeen lots presented at the meeting last month.

All interested people are encouraged to bring material for auction, which will be subject to the following Club rules: (1) All items or lots must be of \$1 minimum catalog value, (2) All items or lots must be accompanied by a filled-in auction card, which is available at the meeting, (3) Material should be turned in at meetings before 7:30 p.m.

**Crowley Lake Season Opens**  
The 1960 "big-fish parade" at Crowley Lake, the lair of the tackle-busters located approximately 30 miles north of Bishop, will open Saturday, April 30, and continue through Sunday, July 31. A unit of Los Angeles' municipal water system, the huge man-made reservoir is operated as a fishing center by the City Recreation and Park Department.

Each year the Southern California Rod and Reel Club donates the Robert L. Burns Memorial Trophy which is presented to the angler catching the largest trout during Crowley's season. The 1959 recipient of the award was Eugene Curry of China Lake who boated a 10-pound 1-ounce Brown.

Advance reservations for Crowley Lake boat rentals are being accepted. Telephone or mail reservations will be accepted only for the following the first week of the fishing season. The Los Angeles City Recreation and Park Department's reservation office is located in Room 755, City Hall, Los Angeles 12. The telephone number is MADison 4-5211, Station 515.

**Rose Club Organized**  
The Indian Wells Valley Rose Society has recently been formed and all interested persons are encouraged to join.

Primary purpose of this new organization is to improve rose culture and promote the exchange of information.

For further details, call Mickey Freedman, Ext. 72683.

Further information on rental rates, rules, and accommodations is available at the Community Center receptionist counter, Ext. 72010.

## SHOWBOAT

★ One showing per night at 7 p.m.

★ Two showings per night at 6 and 8 p.m.

TODAY: ★ "GOLIATH AND THE BARBARIANS" (91 Min.)

★ Steve Reeves, Chelo Alonso

Goliath and his sister swear vengeance against savage terrorists. Thrilling action with thousands in cast. Adults-Young People

SHORTS: "Baggage Blues" (7 Min.)

Les Elgart and Orchestra (10 Min.)

SAT. APR. 9

CHILDREN'S FILM SOCIETY 10 a.m.

The Children's Film Society will show 68 minutes of educational and humorous films. Tickets may be purchased at the box office.

MATINEE 1 p.m.

"PRINCE VALIANT" (100 Min.)

James Mason, Robert Walker

SHORTS: "Duck Fever" (7 Min.)

"Pirates of Seas" No. 5 (17 Min.)

EVENING

★ "SOME LIKE IT HOT" (120 Min.)

Marilyn Monroe, Jack Lemmon, Tony Curtis

Re-run riot of two musicians impersonating females to hide out from gangsters they had seen commit a massacre. Almost a burlesque show, but fast and funny.

Adults-Young People

SUN.-MON. APR. 10-11

★ "MOUSE THAT ROARED" (83 Min.)

(Peter Sellers, Jean Seberg)

This is a delightful comedy about a very small, English speaking duchy in the French Alps, which, on the verge of bankruptcy, decides to declare war on the United States to reap the benefits of being a defeated country occupied by the beneficent United States.

With a surprising turn of events brought about by the charming group of characters who invade the United States, they find themselves in possession of a bomb more powerful than the atom bomb. This small country's suggestion for its care and trusteeship makes one pause and think about this precarious age in which we live.

Family

SHORTS: "Tale of a Wolf" (7 Min.)

AFSM No. 573 (18 Min.)

TUES.-WED. APR. 12-23

★ "GENE KRUPA STORY" (101 Min.)

Sal Mineo, Susan Kohner

The rise, fall, and come-back of drummer Krupa takes in a picture of the jazz era in which he was a leader. The biography starts with his boyhood in a Chicago slum where his driving urge to play the drums wins out over his Italian parents' wish to have him become a priest. His success, though slow in coming, is sudden enough to spoil him, as life turns into a merry-go-round of jazz parties, fan worship, liquor, and women.

Sal Mineo is very like the boyish Krupa, and captures the great drummer's eccentric style and playing techniques. The band sessions are the best and liveliest part of the film, with Red Nichols, Bobby Troup, and Anita O'Day.

Adults-Young People

SHORTS: "A Bone for a Bone" (7 Min.)

THURS.-FRI. APR. 14-15

★ "OPERATION AMSTERDAM" (103 Min.)

Peter Finch, Eva Bartok

Exciting plan to displace all of the diamonds of Amsterdam to forestall use of them by the German creation of an unusual story. This excellent action-chase was filmed on a Holland location.

SHORTS: "Tiger King" (7 Min.)

SAT. APR. 16

MATINEE

"FRANCIS JOINS THE WACS" (95 Min.)

Donald O'Connor

SHORTS: "Watch the Birdie" (7 Min.)

"Pirates of Seas" No. 6 (17 Min.)

EVENING

★ "GOD'S LITTLE ACRE" (108 Min.)

Robert Ryan, Aldo Ray, Tina Louise

Erskine Caldwell's famed novel of a farmer obsessed with the idea that Granddaddy buried gold on the farm.

Adults

SHORTS: "Lend a Paw" (7 Min.)

Medical Staff Nurse

Position Open at NOTS

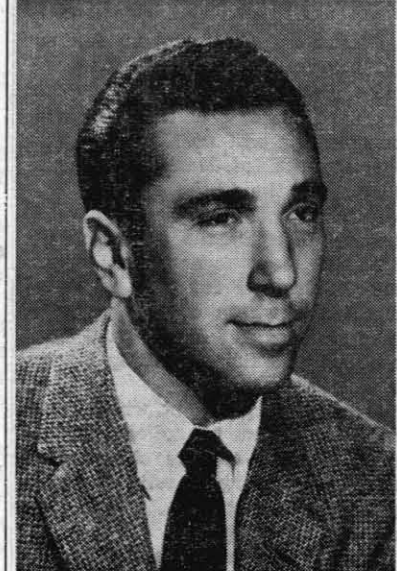

The Personnel Department has announced that a position for Staff Nurse (WAE), GS-5, \$4040 p/a, is currently available with the NOTS Medical Department.

Applications will be accepted from anyone meeting the following requirements: a full 3-year course in residence in approved school of nursing; or a full 2-year course in residence in approved school, plus a year's additional nursing experience or education.

File Standard Form 57 with Pat Dettinger, Room 34, Personnel Bldg., Ext. 72032.

## News From Pasadena

### Spectacular Northern Idaho Lake Is Scene of UOD Noise Study Project

**PROMOTED**—George Pollak, Deputy for Administration, has been promoted from Supervisory Administrative Officer, GS-12 to GS-13. With NOTS Pasadena for three and one-half years, Pollak has headed the Administration Division for the past year.

### Gala Easter Party Set For Tomorrow

Children and grandchildren of NOTS Pasadena employees are jumping the gun on the Easter Bunny tomorrow morning, from 9:30 a.m. to Noon, at the Elk's Lodge, 608 Stewart, El Monte.

On the schedule of the gala Easter party is a super feature film, cartoons, refreshments, door prizes, and lots of fun. It's all free, sponsored by the Employees Service Organization.

In charge of the event is Lurline Kemp and she is assisted by Herb Summers, Lt. Reuben Jackson, Ralph Ferguson, George Jackson, Mina Fortuna, and Mort Metersky.

### Suggestors Cautioned Of 6-Mo. Time Limit

Bill White, Chairman of the Underwater Ordnance Department Beneficial Suggestion Committee, has a word of caution for suggestors:

"Don't postpone submission of a suggestion as there is a time limitation. An idea which has been in use over six months cannot be considered for an award."

His committee has had to reject two recent award recommendations because the suggestions were submitted after the time limitation. So if your idea is working, get it on a Benny Sugg form.

## Personnel Statistics

### New Employees

Keith C. Maxwell, Electronic Technician (Instrumentation), GS-11, in P309, and Clyde D. Bramley, Electronic Mechanic, Step 1, in P804.

### Promotions

P256—Armando Lira from Contract Specialist, GS-9 to Contract Specialist (General), GS-10.

P805—John J. Fogarty from Engineering Technician (General), GS-11 to GS-12.

### Terminations

Esther Enyart, Procurement Clerk, and Vincent Costanzo, Laborer.

## Promotional Opportunities

**Inspector (Public Works), Per Diem, Code P7112.** Responsible for continuous inspection of structures, electrical systems, and mechanical equipment.

**Automotive Mechanic, Per Diem, Code P7123.** Overhauls and repairs various types of heavy duty mobile equipment such as bulldozers, cranes, locomotives, tractors, graders, power shovels, large buses, and heavy trucks.

To apply for above positions, contact Nancy Reardon, Extension 104.

Telephone, and Hughes Aircraft Corporation. NOTS uses the NEL facilities.

Set in spectacularly beautiful timber and wild game country, the fellows report the fishing is good, with Silver Sides, Cut-Throat Trout and Kamloops. Quarters are located in nearby Bayview on the lake, a town with 120 population.

Propulsion Division men who run the tests 1,000 miles from the Pasadena home base are Carl Nisewanger, Wally Magnuson, and Art Daniels, in cooperation with Guidance and Control Division personnel Jim Campbell, Dick Allman, and Nick Saines. With such a favorable location volunteers for this project are not hard to find.

### What's in a Name?

There is a wealth of grim sailor-irony behind the term "Lucky Bag."

Over a century ago, when the term was younger, but no less salty, a man whose gear was found in the lucky bag might well be considered anything but lucky. Then as now, all articles found adrift in living compartments were placed in a "lucky" bag. A narrative about the old USS COLUMBIA, back in 1838, tells us that once a month the bag was brought to mainmast and the owners whose names appeared on the articles would get them back—with interest (ah, there's the rub).

Along with his property, each owner would receive several lashes in the bargain as a not-so-gentle reminder of his carelessness.

Pend Oreille facilities are under the management of the David Taylor Model Basin. Other laboratories which use the field station include the Navy Electronics Laboratory, the
