Nightingale's Feather Proves Youthful Fable

By JOHN McCABE

Clarity and familiarity made the children's musical fable "Nightingale's Feather" a lightweight charmer—for adults—and a big hit—for young children, in its three performance

stand Saturday and Sunday, July 17 and 18, at the James Monroe School in Ridgecrest.

The Indian Wells Valley Recreation Council's production may well mark the start of a series of similar efforts in the future—according to the Council recreation director Bill Johnson's pre-show hopes. The proviso was that this one be a success.

The story line was very familiar: Girl is promised to obnoxious mandarin—loves handsome peasant—who sets out from village to seek dowry fortune—falls—saved by gift from bewitched nightingale—makes king laugh—Happy Ending.

A cast of fully absorbed children, from small economy size to medium large, and patient direction by Mrs. Bea Moore made Jimmy Rhodes' story sing.

Contributing greatly to the audience's pleasure was the script's frugal clarity, and effects that were well designed to merely accompany, not surround, the young players.

Guitarist Carvel Bass let the players set the pace for his musical accompaniment, and came on stage in ridiculous makeup for a delightful, low-key spoof of his own folk singer avocation.

Songs were short and tuneful; dances before the king's throne, using the smallest members of the cast, were properly brief—in fact, almost vignettes. They sparkled.

And stage lighting effects were neatly provided only when necessary—to show night and day changes.

The above opinions were corroborated by the critics present in force in James Monroe School's auditorium. That is to say, every small child in the audience kept his/her attention on the stage through the whole performance.

Team manager Don Branson and coach Lee Gilbert have an all-star 14-man squad to go against the Lone Pine-Independence team tonight.

The annual tourney opens at 3:00 this afternoon when the Ridgecrest All-Stars tangle with the Bishop All-Stars.

This is the first time Ridgecrest has hosted an all-star tourney.

China Lake Squad

They can call on a strong pitching staff comprised of Steve Pullen, who pitched a one-hitter against Boron last year, collecting 16 strikeouts; Don Branson of the Red Sox, undefeated in league play this year; Steve Robinson with a four-win and three-loss record, two were one-hit games; and Bobby Nelligan, a coming hurler.

Starting Battery

Steve Pullen of the Dodgers has received the nod as starting twirler for tonight's game and Randy Graham of the Dodgers will work behind the plate.

Starting Infield

Drawing starting infield assignments are Charles Ranes of the Tigers at first base, David Davis of the Red Sox at second base, Bob Nelligan of the Dodgers at third base, and Don Branson of the Red Sox at short stop.

Starting Outfield

Slated to roam the outfield are Claude Salomon of the Tigers at left field, Ty Pritchett of the Pirates in center field, and Gary Ziegler of the Red Sox at right field.

The China Lake Little Leaguers went all the way to the District 51 tourney last year and lost the championship in a 2-1 heartbreaker to the Park View All-Stars.

SAIGON (AFPS)—Navy Hospital Corpsman First Class Lloyd J. Barbarin has received the Navy Commendation Medal for saving the life of a naval officer wounded in the March 30 Viet Cong bombing of the U.S. embassy.

Barbarin was cited for giving aid to a Navy officer whose carotid artery, in the neck area, had been severed. Barbarin held the two severed ends until surgeons could take over. The officer is now on the road to recovery.

The medal was presented to Barbarin by Captain Archie C. Kuntze, commanding officer of U.S. Navy Headquarters Support Activity, Saigon, at a formal awards ceremony.

Drill Squads Help Mormon Pioneers Mark Trek's End

The precision marchers of the Naval Air Facility and Air Development Squadron Five's "Vampires" will trek to Ogden, Utah, today to assist in Mormon Pioneer Day celebrations tomorrow.

July 24 marks the arrival in 1847 at present-day Salt Lake City of the Mormons under Brigham Young's leadership. The VX-5 "Vampires" and the NAF team will participate in a parade tomorrow afternoon and in ceremonies at a rodeo in the evening.

The Vampires added first place honors to their trophy shelf recently by winning in competition at a Fourth of July parade in Huntington Beach.

Lt. Jerry Breast will lead the Vampires in the Mormon celebration, assisted by Ens. Ron Cable, drillmaster. NAF's drillers will be led by Ens. Stanley C. Salmi and drillmaster James B. Fike, ADJC.

VAdm. Duncan Gets Atlantic Command

Norfolk, Va. (AFPS)—Vice Admiral Charles K. Duncan succeeded Vice Admiral John S. McCain Jr., as Commander, Amphibious Force, U.S. Atlantic Fleet, June 30.

Admiral McCain is the new Vice Chairman, U.S. Delegation to the United Nations Military Staff Committee, Commander Eastern Sea Frontier and Commander Atlantic Reserve Fleet, succeeding Vice Admiral Harold T. Deutermann, who retired June 30.

July's "Bluejacket of the Month" for NOTS, an Aviation Electrician Third Class at Air Development Squadron Five, shows himself to be a true "Man for the Season" when he evaluates his service at China Lake.

"My work here — and my Navy service generally," he says, "keeps me on the move most of the time, and that's just the way I like it to be!"

Two Years at NOTS

Edward A. Seffel, 23, and his wife, Jennifer, concur. She adds, "We've been here at China Lake for two years, and though we've really enjoyed living here, it seems like a long time to stay in the same place."

Seffel reported to NOTS in June, 1963, from the Naval Air Station at Corpus Christi, Texas, where he met and married his wife. His work here has sent him on three short voyages on attack aircraft carriers with VX-5 pilots for their carrier qualification flying.

"I had just reported back from ten days on the USS Kitty Hawk on Friday, July 16, when I heard I had been chosen Bluejacket," he says. Previous trips had sent him aboard the carriers Yorktown and Coral Sea.

Hosted in Bakersfield

The Greater Bakersfield Chamber of Commerce will be the Seffels' host for a weekend on the town.

Ed will pick up a new automobile for the visit from the Haberfelde Ford agency Friday afternoon, and the Seffels will be the guests of the Imperial 400 Motel through Sunday morning. Denny's Restaurant will dine the family, and they'll receive gift certificates from Bakersfield merchants.

KLYD-TV's Burleigh Smith will report Ed's selection as "Bluejacket of the Month" on Channel 17 on Friday's news roundup at 6:00 p.m., and other

Captain Charles T. Ross has been named as the new commander of the local China Lake Civil Air Patrol Composite

CAPT. CHARLES T. ROSS . . . new CAP Commander

Squadron 84 by CAP California Wing Headquarters.

He succeeds Captain Noel E. Johnson, who has held the post since February of this year. Educational and work commitments have curtailed Johnson's activities with the squadron.

An Air Force veteran of WW II and the Korean Conflict, the new Commander served both as an enlisted man and commissioned officer.

He retired with the rank of captain from the Air Force in 1960 after 20 years of service.

"It is a welcome challenge," Capt. Ross said on his appointment. "I know that I'm taking over one of the top squadrons in the California Wing. Thanks to my predecessors."

"Working with youths is always rewarding," he continued, "My last 12 years of Air Force duty was in an instruction capacity of some type. I hope that

experience will benefit the squadron."

Renewal Work Will Cut Hours At 3 Facilities

Repairs and refurbishing will curtail hours of two of the Station's facilities in the next days, swelling the summer renewal operations here.

The China Lake Bowl will be closed on Monday and Tuesday, July 26 and July 27, for resurfacing and repairs, according to Fred Dalpiaz, alley manager. He reports that the professional from the Sands Bowl in Lancaster will be here on Wednesday, July 28, for drilling and refitting bowling balls.

A job of painting will close the Station Pharmacy tomorrow, Saturday, reports Clyde Campell, the manager.

Restaurant Hours Cut

Extensive remodeling of the Station Restaurant kitchen will begin Monday August 2, when the restaurant will be closed after 1:30 p.m. Monday through Friday, as well as on weekends. Curtailed afternoons are planned to continue for about 30 days.

Students Who Earn \$601 Can Still Be Exemptions

New York (AFPS) — It is not necessary for students to stop working this summer after they earn \$600.

A director of the Internal Revenue Service advises parents that it is possible to claim a son or daughter as a dependent on Federal income tax returns even if they earn more than \$600, if the child is a student.

Taxpayers are urged to contact their nearest IRS office for further information as to the conditions under which they may receive the exemption on their 1965 return.

Soldiers Have a Ball Under Midnight Sun

Ft. Greely Alaska (AFPS)—

The longest day of the year is celebrated here with a traditional annual midnight softball game. From 10 p.m. to 1 a.m., June

22, five vigorous innings were played by the Army Arctic Test Center and Army Garrison. The final score was 25-20, in favor of the Test Center.

CHAPLAIN'S MESSAGE

Cheer Up! Don't Be Glum

By CHAPLAIN ROBERT W. ODELL

"If you talk about your troubles
And tell them o'er and o'er
The world will think you like 'em
And proceed to give you more!"

(Poet unknown)

Somewhere in a large city awhile ago I saw a church's changeable-letter sign board with this thought on it "If you have troubles, Come in and tell us about them. If you haven't, Come in and tell us how you do it!"

Dr. John H. Finley, medical counsellor, used to startle some of his patients when he prescribed for them three drugs: 1. Take a long walk. 2. Read a good book. 3. Make a new friend. It works. I have tried it. How about you??

A man began to lose his hair. It got thinner and thinner until finally he had but one hair left. He brushed that hair, combed it and shampooed it. One morning he woke up and looked down on his pillow and there was the hair!

He exclaimed, "Jeepers — I'm bald!" What we see coming sometimes we fail to admit, or to prepare for. Surprises are often unadmitted thoughts or feelings. Let God "in" on these by open acceptance of His help.

Maizie was a waitress in a restaurant. People used to say to her "Maizie, you don't look very strong. How do you manage those heavy trays as you do?" She smiled and said, "Oh, I have a good friend in God. I always say, when I pick up a tray, 'Lord please lend me a helping hand. I carry the tray but the Helping Hand carries the load' ". Maizie has a great idea.

Cheer up and let's try it too!

Res. Chaplain Will Serve Mass, Entered Service as White Hat

CHAPLAIN J. L. SOSTRICH

Father John Louis Sostrich, USNR-R, who has reported aboard for two weeks' active duty, will preside at all Catholic Masses this Sunday at the All Faith Chapel.

Assistant Pastor

Father Sostrich is Assistant Pastor of the Holy Family Parish in Linda Vista near San Diego. He entered service in the Navy as a Seaman Apprentice in July, 1948, and has served active duty at Norfolk, Va., Camp Lejeune, N.C., Guam, and the USS Chickaski, AO-54. He received his commission in the Chaplain Corps in August, 1964, and studied for the priesthood at Immaculate Heart Seminary, San Diego.

Texas Born

Father Sostrich, 35, was born in Strawn, Texas, and calls Carlsbad, N.M., his home town, where he attended high school.

PROMOTIONAL OPPORTUNITIES

Present Station employees are encouraged to apply for the positions listed below: Applications should be accompanied by an up-to-date Form 58. The fact that positions are advertised here does not preclude the use of other means to fill these vacancies.

Machinist (Maintenance), WB 53015-11, JD 37-4, Code 4553—Installs, overhauls, and repairs machines and machinery installations such as machine shop equipment, ordnance plant processing equipment and machinery, laboratory equipment and machinery, boiler plant accessory equipment and extrusion presses and accessory equipment.

File applications for above with Betty Fowler, Bldg. 34, Rm. 26, Phone: 71648.

OVERSEAS VACANCIES

Machinist (Marine) and **Pipefitter**, Pearl Harbor Naval Shipyard, Hawaii.

File applications with: Industrial Relations Office (Code 170) (65-310-2A) Pearl Harbor Naval Shipyard, Box 400, P.O. San Francisco, Calif. 96610.

Supt. Personnel Staffing and Employee Management Relations Specialist, FS-201-12, Wiesbaden, Germany, Civilian Personnel Officer, GS-201-12, Athens, Greece.

For information on filing for the above two vacancies, contact the Vandenberg AFB, Civilian Personnel Office.

Exchange To Inventory On July 26 and 27

Retail activities of the Navy Exchange will be closed for annual inventory as follows: Outdoor Shop, all day Tuesday, July 27; Retail Store, all day Monday, July 26.

New Check Cashing Policy at Exchange

The Navy Exchange, as part of its continuing effort to improve customer service, will put into effect its new check cashing policy at the Main Retail Store next week.

Effective Wednesday, July 28, all personal and U.S. Treasury checks up to \$50 will be cashed only by the cashier located adjacent to the men's department.

Checks for the exact amount of sale in excess of \$50.00 will be accepted at the cash register where the sale is consummated.

The establishment of this policy is expected to decrease the time spent waiting in check-out lines.

China Lake Bowl To Close for Resurfacing

The China Lake Bowl will be closed Monday and Tuesday, July 26-27, for resurfacing and repairs. The Pro from the Lancaster Sands Bowl will be here on Wednesday, July 28, for drilling and refitting bowling balls.

He also pioneered the Rockets softball team. He commutes from Lake Isabella to NOTS.

"Bluejacket of the Month"

(Continued from Page 1)
stations will record the event in their news broadcasts.

China Lake's location affords the Seffels, now with their four month-old son, Edward, Jr., plenty of opportunity to satisfy their love of travel. They take excursions to places like Lake Tahoe and the nearby Nine-Mile Canyon. "Any time we can set aside a little time and money, we go!" says Jennifer Seffel.

True to form, Ed has been a member of the China Lake Navy Flying Club since it was started in June last year. He reports he has accumulated 55 hours of instructional flying time in the Club's Beech trainer, and hopes to earn his private operator's license in August.

For the license, 45 hours of airborne instruction are required.

"If I can get my license by then," he says, "we can fly down to Texas to visit my folks in San Antonio and Jennifer's in Corpus Christi before December, when I expect to get orders for a new duty station."

He gives Antarctica as his choice for his next duty. "I love to fly, and I would have a good chance to crew on one of their planes down there." His wife spoke her intention to remain at China Lake if Ed travels out of the country. He gave China Lake as his choice when he establishes a home after his service.

IWW Swimmers Topple 6 Records

It was ladies day at the races in Bakersfield last Saturday as girls of the Indian Wells Valley Swim Team toppled six records and tied one in the 15th annual Kern County Swim Championships. Fourteen new records were set in 62 events.

Teams from eight county districts competed under sponsorship of the Parks and Recreation Department, with boys and girls divided in six age groups. The IWW team carded its four individual records in breaststroke events, then added two relay team records to its list.

New top times were set by Barbara Manger, 8, and April Manger, 12, while sister Kathy, 10, managed to tie the record for her age group. Donna Newman, 14, swam a record time in preliminary heats, and Jane Winward, 17, set the new senior group record in later competition.

The two freestyle relay records were credited to local girls in the 9-10 year and senior groups.

Thirty-eight medals and ribbons went to 24 youngsters who took top three places in individual events or swam on one of the winning relay teams.

Barstow Buries Colts After Bombing By IWW

It was a repeat performance when the Barstow Colt All-Stars tangled with the China Lake Colt All-Stars here Monday, Tuesday, and Wednesday nights. It just took the Barstow horsehiders longer than it did in the 1964 series when they won two straight of the three game series.

Bouncing back after a 14-8 trouncing on Tuesday night by China Lake, Barstow on Wednesday night squeaked by the locals 6-5 to couple their Monday night 4-2 win to take two of the three games series.

Ted Dominguez was the winning pitcher of the Wednesday night and deciding fray. He struck out nine men, walked four, and gave up five hits.

Barstow collected all their six runs in the first inning. China Lake tallied one run in

the first inning, two in the second, one in the fourth, and one in the fifth.

China Lake's losing pitcher Teddy Sprouse struck out seven men, issued four walks, was knicked for four hits, and had six runs scored on him.

In Tuesday night's 14 to 8 track meet in favor of China Lake, the locals were trailing Barstow 1-5 going into the fourth inning. During the fourth they scored nine runs to put the game on ice.

John Martin was the winning pitcher. Barstow's Tini Moya was chalked with the loss.

Big Jim Deck was the winning pitcher in Barstow's 4-2 victory in the opening game Monday night. He struck out 11 men, issued three walks, gave up three hits and two runs.

Outfield starters will be Sam Gee of the Tigers in right, Bry-

an Manger of the Cubs in center and David King of the Cubs in left.

Shooting For 'Berdoos
IWW out-slugged Barstow last year in a hair-raising 3-2 Tourney win in the second day of play. The crucial play came in the fifth inning when Jim Goforth socked his second home run of the game for the one-run lead.

Manager Ralph Pinto, coach Jack McGinnis and every one

of their all-stars are aiming to match last year's performance for a crack at the Sectional Tournament, where IWW was edged out of the action in the August match.

Backing up the starters Wednesday on the Pony League diamond on Station will be double three at pitcher-catcher Mike Lambee of the Yankees; first baseman John Clark, a big gun with a .500 average, and also of the Yanks; second baseman and outfielder Craig Clark of the Cubs; pitcher and outfielder Ken Ziegler of the Indians, another heavy with a .500 average; outfielder Glen Griffith of the Indians and Mike Rodgick, outfielder from the Yanks.

PLAY IN TOURNEY TONIGHT — Little League all-stars who will take on the best of Lone Pine-Independence in a three-game series starting tonight, tomorrow and Sunday, are (l-r, standing) Claude Salamon, Randy Graham, Don Branson, Bobby Nelligan, David

Seeley, Larry Freeman, David McDuff, Gary Hudson, Nelson Sorbo and Steve Robinson. Kneeling are (l-r) Gary Ziegler, Ty Pritchett, Steve Pullen, David Davis, Mike Landry, Mike Down, Mike Lakin and Charles Ranes. Play begins at 6:00 p.m., Lions Club Field.

ESO Doings

BY WES FISHER

The ESO Council met July 9th to welcome the new representatives and thank the outgoing members for their good work. The new members were given a history of the major events, both social and financial, with emphasis on the renovation of the Coffee Port, Spring Dance, Summer Picnic, and the athletic activities.

Nancy Quistorff was elected President and Howard Miller selected as Vice President. This follows the ESO tradition of choosing these two officers on the basis of popular vote in the general election.

George Pollak congratulated the new ESO and outlined the scope of their activities, stressing the cooperation they will continue to receive from Administration.

Bulls Versus The Bad Guys

BY RAY HANSON

The El Toros still lead the herd, but look out for the Bad Guys! As of the seventh week of the NOTS summer bowling league, the evil ones had pulled within a game and a half of the league-leading bulls. The Toros still boasted a wild won-lost record of 21-7, but the Baddies were nipping at their heels with 19.5-8.5. Bad Guys personnel consists of Jeannine Wolfe, Irene and Bill White, Bill Alberts, and John Pernicka.

High scores for the sixth week are as follows: team series, Go-Go's, 2943; team game, Alley Smashers, 1055; men's series, Phil Foster, 672; women's series, Marian Murray, 610; men's game, Erik Gardner and Dan Moore, 249 (tie); and women's game, Elaine Colson, with a score of 224.

tice game was played. The spectators were treated to the unique umpiring of R. L. Chapman with his decision on one pitched ball as "close!"

For the first time in weeks, we were delighted to have more than enough players. Let's keep up the good work.

case of Ensign James Mehrman of VX-5 and Ensign Steve Salmi of NAF.

Both Mehrman and Salmi grew up in the same town of Duluth, Minn., where they went to the same high school, Duluth Central High, participated on the same swim team, and attended the University of Minnesota-Duluth Branch.

Steve enlisted in the Navy and was ordered to Newport, R.I. for Officers Candidate School. Graduating in February this year, he received orders to NAF. He was assigned First Lieutenant Division Officer duties.

James had enlisted in the Naval Reserve at Duluth in November 1959 as a white hat. After advancing to Gunners Mate, he decided that an officer career was better and went to OCS, Newport, in February 1965. Graduating in June, he received orders to VX-5 and is assigned to Projects Dept.

Ens. Mehrman feels that it is "odd and very interesting" to be stationed at the same place as a hometown friend.

Ens. Salmi considers it "a strange coincidence that as large as the navy is that two officers from the same hometown be attached to the same duty station."

Ributan's 605 series, We Five took three games by 2,660 to 2,320.

A hot NAF Crabs team ran over the sagging Beavers for three games. The win placed the Crabs in third slot. Desert Motors led by Jim Peck's 593 series put down the Bronze Bombers for three games. The loss dropped the Fire Crackers into the second division.

The GRB No Names blew their second chance in a row for the first division by split-

ting with the Apes. The Station Hospital re-entered the first division by stepping on the GRB Pin Busters. For the Pin Busters, it marked another step closer to the cellar.

Canyon Adventure Set At Museum Thursday

China Lake physicists Hal and Jean Bennett, recently returned from a ten-day journey of exploration in southern Utah's Escalante Canyon, will share their experiences, backed by their own color slides, at a program Thursday, July 29, at 7:30 p.m. at the Maturango Museum.

All China Lakers and area residents are invited to hear and see the "step by step" adventures of the group in the once-inhabited wilderness area bordering the Escalante River, a northern tributary of the Colorado River. Guests from outside the Station will be passed through the Main Gate and directed to the Museum.

Dr. Hal Bennett, head of Research Department's Physical Optics Branch in Michelson Lab, and his wife, Jean, both received their Doctorates in infrared spectroscopy from Pennsylvania State University, and work together here in the same branch.

In this first of a series of three trips they have made this summer, June 12 to 22, the Bennetts joined six other China Lakers. Dr. William Norris, Research Department chemist, his wife, Opal and son Steve; John Mills, Weapons Development Department physicist; Clifford W. Fountain, Research Department physicist, his wife, Suzie and her sister, Pat Esch, from Chicago, made up the exploring party with the Bennetts.

Treasures on Rugged Route
The group left the town of Escalante, 60 miles north-west of the Canyon, by road. They scaled down a 900-foot cliff to the Lake Powell Hole-In-the-Rock, at road's end, where long before, Mormon pioneers had built a cliff-hanging wagon road to the former river bed.

Strictly on their own, the party continued by river in their collapsible kayaks north-

east to the Escalante tributary, thence north-west to the Canyon area. "This area was mostly flooded by Lake Powell when we navigated it," Mrs. Bennett reports, "but many of its natural wonders, some very seldom seen, were very available — with some climbing!" Lake Powell is formed by the Glen Canyon Dam on the Colorado River, just south of the Arizona boundary.

Reaching the lake's end, the group continued on foot—taking pictures all the way — and visited natural landmarks and former Indian sites carved into the high bordering cliffs.

Sites such as Gregory Bridge, Cathedral of the Desert and Soda Gulch were explored and photographed.

"Cliff Fountain found an arch in the main Escalante Canyon which is very hard to see," Hal Bennett reports. "He had the privilege of naming it 'Hidden Arch,' and hopes to write the National Geographic Society about it."

"In a way, it's a good thing there is such a high area density of scientists in the Canyonlands," he adds. "It gets such good coverage!"

The Bennett's lecture and color slide program this coming Thursday evening was arranged for the Maturango Museum series by Tom K. Jones, substituting for program chairman George Silberberg.

Announces Garlock Display
Jones invites visitors to tour the Museum showroom before and after the lecture, with special attention to its new Garlock display window.

Recently assembled by Assistant Curator Alice Dubin, it shows photos, documents, tools

GREGORY NATURAL BRIDGE, along southern Utah's Escalante Canyon route of Drs. Hal and Jean Bennett and their fellow China Lake scientists, is one of many sites to be shown in color Thursday, 7:30 p.m., at the Maturango Museum. Bennetts reached now half-flooded arch by kayak.

Bakersfield Takes Tennis Meet Here

The Bakersfield Racquet Club scored a near clean-sweep of the meet with the China Lake Tennis Club last Sunday on the local courts. The Bakersfield club was aided by the inclusion of three Class A players in their line-up.

Don Moore scored the only victory for China Lake.
Scores were as follows:

Eldon Rowe def. Don Beresford 6-2, 6-1; Jim Wood def. Jim Smith 6-1, 6-3; Gary Ogden def. Dick Boyd 6-4, 6-2; Don Moore def. Dan Gassman 6-3, 6-4; Buck Bellamy def. Larry Faulk 6-1, 7-5; Dick Roberson def. Ben Carlos 6-0, 6-4.

Tom Barrett def. Jerry Whitnack 6-1, 6-0; Shirley Rowe def. Joan Leipnik 6-4, 6-2; E. Rowe-Roberson def. Beresford-Ralph Lindstrom 6-0, 6-2; Wood-Ogden def. Smith-Whitnack 7-5, 6-4; Bellamy-Gassman def. Boyd-Moore 6-3, 6-4; S. Rowe-Barrett def. Beverly O'Neill-Carlos 6-0, 6-1.

A return match in Bakersfield will be scheduled this fall.

70-Hr. Softball Game Played by AF in Japan

Misawa AB, Japan (AFPS)—The Dots beat the Dashes 552 to 487 in a 435-inning, 70 hour, softball game here recently. Believed to be the longest softball game in history, 94 members of the 6921st Security Wing's Shift Three made up the two teams.

Two men from the starting line-up finished the game. Five other players logged more than 50 hours continuous play.

The game, played during the shift's off-duty holiday time, was a charity benefit performance.

CLARENCE J. RENNE, left, is given certificate by Capt. Leon Grabowsky, Station Executive Officer, in recognition of his chairmanship of the FJC Fund Drive here which netted over \$8,000 for the annual cause.

Sidewinders Dump Public Works, 9-8

BY BOB HOOPER
Ext. 75151

Youth prevails! The Sidewinders fielded a young team Wednesday night, July 14, consisting mostly of college freshmen with young Chuck Brewer on the mound, after giving up three unearned runs in the first inning the Sidewinders bounced back a couple of times to take back the lead and to hold it to win in the seventh, 9-8. Pitcher Chuck Brewer registered 10 strike outs for the night.

Monday, July 19
VX-5 8; NAF 0

The league leading Vampires swamped the NAF redmen Monday night by shutting them out in the seven inning go-round. Don Meritt went all the way for the Vampires. Jack Miner tried to lead the redmen, but he just couldn't get them off the ground as the Vampires stood in his way with eight runs.

Kunz Photo 4; Sidewinders 0

It's that Galloway again, I guess it's starting to sound like a broken record as Bert Galloway shuts out the Sidewinders for the fourth time. In all four games this season the Sidewinders failed to score a single run on the slender pitcher. With just two weeks left in the season the Kunz Photo team is fighting to hold on to first place with the Vampires flying right behind them.

Public Works Forfeits

At game time Tuesday night Public Works just couldn't come up with nine men and had to forfeit to the NOTS team to give NOTS their fourth victory to get them out of the cellar.

Kunz Photo 13; NAF 0

Kunz Photo does it again with another shut out. NAF was a lucky or unlucky, take your pick, to field nine men in the second game Tuesday night. Manager Jack Miner had only seven men from out of a complement of 550 men at NAF at 8:30. He finally came up with two more by game time, but it was a losing fight as they got bombed.

Luau Was Lulu at Officers Club

The luau at the Officers Club last Saturday night was a Polynesian blast! Soft Hawaiian music, the hula by barefoot island girls, and the decoration of the lanai and pool by VX-5 and NAF wives created an authentic South Sea island atmosphere.

Harold Art's "Mauna Loa" volcano added authenticity to the scene. Even the weather cooperated, holding back dumping its "liquid sunshine" on the festivities but supplying the rumble of thunder and dramatic flashes of lightning.

Trash Collection And Street Sweep Schedule

Refuse and garbage collection schedules in Station housing areas were announced this week by the Public Works Dept. Residents are requested to place all trash receptacles in front of their quarters prior to scheduled pickup times, and remove them after collection.

Collection Schedule

Desert Park 7 a.m. to 2:30 p.m. — Mon. and Thurs.
Capehart (Site "A") 1 p.m. to 3 p.m. — Tues. and Fri.
Capehart (Site "B") 7 a.m. to 11 a.m. — Tues. and Fri.
Old Normacs 7 a.m. to 11 a.m. — Wed. and Sat.
All other areas Served by Dumpster Dumpsters

Tenants are urgently requested to refrain from watering lawns and to keep the streets clear of parked cars on street sweeping days, between the hours of 7:30 a.m. and 4 p.m. The schedule follows:

Street Sweeping

Capehart (Site "A") — (No watering Monday):
Ticonderoga St. and Kearsarge St. — Every Monday.
All other streets, First and Third Mondays.
Capehart (Site "B") — (No watering Wednesday):
Stroop St. — Every Wednesday.
All other streets, First and Third Wednesdays.
Desert Park (No watering First and Third Tuesdays):
All streets — First and Third Tuesdays.

The department reported that slight variations may occur in this schedule due to unforeseen circumstances. However, every effort will be made to adhere to the foregoing timetable.

Cooperation by tenants in not watering on those days specified above will eliminate the algae which causes slickness in the gutters and also cut down on odors, Public Works officials say.
