The Jesters’
To Play Dance
At CPO Club
According to reports, The Jesters will play for a St. Patrick’s Day Celebration. The Chief Petty Officer’s Club, Friday, March 20, from 8 p.m. to 12 midnight. A special menu including corned beef and cabbage, white fish is planned for the event.

The list:"The Jesters” will play for a St. Patrick’s Day Celebration at the Chief Petty Officer’s Club, Friday, March 20, from 8 p.m. to 12 midnight.

A special menu including corned beef and cabbage, white fish is planned for the event.

Special ‘Disneyland’ Discounts
Available To Military Personnel
Disneyland, the world fam-
ous theme park for children of all ages, has set aside three weekends in April for members of the Armed Forces. An April 4 and April 11 and 18 and April 25 and May 2 and 9.

On any of these dates, with a valid military I.D., you can enjoy the sights and adventures of Disneyland at a reduced cost. Ticket books, which have a value of $50, may be purchased at the NWC Com-
munity Center for 40 per person. The books include:

- Admission to Disneyland on both Saturday and Sunday of the selected weekend.
- 12 adventures or attractions of the ticket-holders’ choice.

Disneyland has announced that special ticket books will not be available at the Information Center, and that only a limited number of tickets are on sale at military bases.

Prices intended to pur-
chasing tickets are asked to call the Community Center, NWC Ext. 1010.

Desert Art League Meeting Will Feature Arden Von Dewitz

The Desert Art League will present Arden Von Dewitz, nationally known Western artist, in a lecture demonstration on Monday, March 23 at 6 p.m. at the Community Center, during the regular monthly meeting.

Von Dewitz is the artist-de-

tator of Western California for the Grumman Aircraft Company. His paintings, prints and sculpture have been exhibited internationally. His landscapes, still life, and portrait studies are known from Mexico to Scandinavia and the Far East. He has been a member of the Grumman Art Club since 1947 and is an Associate of the Society of North American Artists.

In addition to his art work, Von Dewitz is a pilot with the United States Air Force and has been in the Air Force since 1943. He is currently stationed at Beale AFB, California.

The lecture will consist of an exhibit of black and white and color slides illustrating Von Dewitz’s career and work. The slides will be shown in full color with an audio-visual presentation.

Paintings Of Local Artists At Comm. Art

Two local women artists, Mark Polk and Frances Hanen, are currently holding an art show at the Community Center. On display are an assortment of the arts and crafts in the community under the sponsorship of the Desert Art League.

Mark Polk’s paintings, which range from still life to portrait to landscape to figural work, have been exhibited in numerous galleries throughout the county, and recently were in the women’s circle at the 14th Annual Art Show at the Desert Art League. Her work is known locally for its originality and high quality.

Frances Hanen’s work is known for its high quality and artistic excellence. She has been a member of the Desert Art League for several years and has exhibited in numerous galleries throughout the county.

The show will be held at the Community Center until the end of the month.

VX-5's Jack Williams, Jr.
March Center Bluejacket

Mass. Nativity Gets Anumious
Squadron Nod

Bluejacket)—A. Jack Williams, Jr., a VX-5 Air Force Shop Crew Leader, has been chosen "Bluejacket of the Month" for March, on the basis of his pro-

gress leadership, military bearing, and general attitude.

Williams, who was born in Hyannis, Massachusetts, came to Edwards AFB in 1965, and has been a member of the VX-5 Air Force Group for two years.

Upon his arrival in Barbers-
field, this month’s "Bluejack-
et" will be met by representa-
tives of the Community Center and KABC TV who will interview him for the program which will include a profile of VT-5 Air Force Group.

Williams is also active in the local community, participating in a number of activities and organizations.

**CATHOLIC**

Blessing of Palm and Masses: 7:00-8:30 a.m., 11:15 a.m. Lenten Masses: Mon., Tues., Wed., Thurs., Fri. 11:00 a.m. & 5:30 p.m.

Holy Thursday Mass of the Last Supper: 7:30 p.m.

Good Friday

Holy Saturday: 7:00 p.m.

Easter Vigil: 11:15 p.m.

Easter Sunday Masses: 7:00 a.m., 8:30 a.m., 11:15 a.m.

**PROTESTANT**

Palm Sunday

Protestant Church will present John Stainer's Easter Sunday service. The service will begin at 7:00 p.m. with the reading of the Four Gospels, followed by a series of hymns and the singing of Easter anthems. The sermon will be delivered by Pastor James Smith, who will discuss the significance of Easter in the Christian faith.

**SPECIAL SERVICES**

**CENTER LIBRARY LISTS NEW BOOKS**

- *Bonhoeffer: The Cost of Discipleship* by Dietrich Bonhoeffer
- *The Catcher in the Rye* by J.D. Salinger
- *Fahrenheit 451* by Ray Bradbury
- *To Kill a Mockingbird* by Harper Lee

**Tenant Home Improvements Not Deductible**

According to Section 170 of the Internal Revenue Code of 1954, the amount expended by a tenant for home improvements not deductible as a charitable contribution or for governmental purposes will be treated as a rent payment. A tenant may also be entitled to a deduction for improvements in the amount of their fair market value.

**P.O. Asks 'Dirty Mail' to Be Reported**

In 1969, the Post Office Department in cooperation with other Federal authorities, began to intensify their efforts to lessen the flow of obscene, lewd, lascivious and indecent material which was being sent in the mails. The Post Office is responsible for delivering millions of pieces of mail each day, and the task is becoming increasingly difficult as the volume of such material continues to increase.

Post Office Form No. 2350 below was printed in 1968 to be used as a tool in these efforts. This form is available at any post office and the public is urged to bring any objectionable, unsolicited mail to their nearest post office where they will be assisted in completing the form for submission to the Postmaster.

The form can be obtained from the Post Office Department in cooperation with other Federal authorities, and the Public is urged to bring any objectionable, unsolicited mail to their nearest post office where they will be assisted in completing the form for submission to the Postmaster.

The form is also available from the Post Office Department in cooperation with other Federal authorities, and the Public is urged to bring any objectionable, unsolicited mail to their nearest post office where they will be assisted in completing the form for submission to the Postmaster.

The Kern County Library will sponsor a poster contest, in conjunction with the observance of National Library Week, April 18-24. The poster contest is open to all high school students in Kern County, will be divided into three age groups: Grades 9 through 12, 7th and 8th grades, and 4th through 6th grades. For Everybody”.

Kern County Library Sponsored "Library Week" Poster Contest

The Kern County Library is offering a poster contest, in conjunction with National Library Week, April 18-24. The contest is open to all high school students in Kern County, will be divided into three age groups: Grades 9 through 12, 7th and 8th grades, and 4th through 6th grades. The contest is open to students in Kern County.

Poster entries must be submitted by May 2, 1971, and will be judged by a panel of judges, including library staff and community members. Winners will be announced at the conclusion of National Library Week, on April 24, 1971.

Eligible poster entries must be created by students in Kern County and must include the following elements:

1. A clear depiction of the benefits of using a library
2. A call to action encouraging students to visit their local library
3. A creative and visually appealing design

All entries will be judged on creativity, originality, and message. The winning entries will be displayed at the Kern County Library and other local venues.

For more information, visit the Kern County Library website or contact the library directly.
**Women Play Prime Role In Center Technical Mission**

**OPTICAL RESEARCH**—Dr. Jean Bennett, research physicist, and her husband, Dr. Hal Bennett, head of the Physical Optics Br., of the Research Dept., work on flight validation for Echo Range. Each Echo flight is "reflown" by the mathematicians in the laboratory by means of the video tapes taken at the range to check flight performance.

**AN AEROSPACE ENGINEER**—Miss Bertha M. Ryan of the Aerothermodynamics Br., Weapons Development Dept., correlates experimental data in trying to develop mathematical expressions that will predict the heating in the wing-body area of weapons.

**CHEMICAL ANALYSIS** is conducted by Mrs. Mary Fulkar, chemist in the Properties Analysis Br., Propulsion Development Dept., where she is head of the Section for Analysis of Explosives and Pyrotechnics Materials. She is using the micro merograph which is used for particle size analysis.

**ANALYTICAL CHEMIST**—Mrs. Carolyn Pauley, chemist in the Properties Analysis Br., Propulsion Development Dept., uses the micro safety analyzer particle size analyzer in developing analytical procedures for quality control of propellant raw materials.

**RESEARCH CHEMIST**—Part of Dr. Marian E. Hilla's chemical research work in the Chemistry Div. of the Research Dept., requires the use of the spectrophotometer, which, with a special attachment, can punch the data directly into paper tape. Here, Dr. Hilla checks the instrument settings of the spectrophotometer.

**PHYSICAL SCIENCE ADMINISTRATOR** is Mrs. Amy Griffin's function as head of the Applied Cybernetics Br., Systems Development Dept. She observes Bill Knight (r), mathematician, and FTMC Jan Gilbert, Code 2002, using the operator performance measurement system (OPMS) to simulate the operation of weapons control systems for studying the operability aspects of proposed systems. The OPMS is used also to train operators of weapons control systems in various areas.

**VIDEO TAPES ANALYZED**—Mrs. Margaret Zulkowski (l) and Mrs. Janice Zaner (r), mathematicians in the Data Reduction Br., of Systems Development Dept., analyze video tapes of data flights as part of the mathematical work on flight validation for Echo Range.

**ARCHITECT**—Mrs. Amy Griffin's function as head of the Applied Cybernetics Br., Systems Development Dept., is that of the Wepons Systems Analyst, requiring the use of the spectrophotometer which, with a special attachment, can punch the data directly into paper tape. Here, Dr. Hilla checks the instrument settings of the spectrophotometer.

**PHYSICAL SCIENCE ADMINISTRATOR** is Mrs. Amy Griffin's function as head of the Applied Cybernetics Br., Systems Development Dept.
