

AT TRAIL'S END — Four Centerites, (l.-r.) Naomi and Bill Norris and Jean and Hal Bennett, are shown at the end of the Milford Track in New Zealand, a trek which covers a distance of 34 miles, and is called by some the most beautiful hike in the world. The terrain they covered ranged from fantastic waterfalls to alpine country, and the plant and animal life was equally diverse. The travelers will show movies of their trip at the Oct. 5 meeting of the China Lake Photographic Society.

Bennetts to show films, lecture on New Zealand trip at Photo Society meeting

Hal and Jean Bennett, associate head and senior scientist, respectively, in the Physics Division of the NWC Research Department, will be the featured speakers at the next meeting of the China Lake Photographic Society.

The Bennetts will present a lecture illustrated by 8 mm movies which they took during a month-long trip to New Zealand last March and April.

The Photo Society meeting, which is open to all interested persons, will begin at 7:30 p.m. on Thursday, Oct. 5, in the Richmond School auditorium.

The Bennetts were accompanied by Bill Norris, a chemist in the Research Department, and his wife, Naomi. They purchased a car in Auckland, New Zealand, and visited both North and South Islands, as well as Stewart Island, which is located off the southern tip of South Island.

During March and April on the other side of the Equator, the weather corresponds to the fall season in many parts of the U.S., the travelers said.

Their varied experiences included visits to places with such unusual names as

Patrons of the Commissioned Officers' Mess will be treated to another popular "Membership Night" fete tonight featuring the "Sounds of Country" music group.

The "Sounds of Country" will play for the dancing and listening pleasure of members attending this event from 8 p.m. until midnight, following a steamboat round of beef buffet.

The nominal fee of \$3 will cover both the dinner and the entertainment. Buffet hours are from 6 to 9 p.m.

Chief Petty Officers' Club

"The Copper Fox" soft rock music group will provide music for those attending the Chief Petty Officers' Club this evening.

The music will begin at 9 p.m., following the Friday night dining room special of prime rib and Icelandic cod.

"The Copper Fox" four-piece combo will play until 1 a.m.

TOYLAND OPENED — RAdm. William L. Harris, NWC Commander, assists Ltig. Robert Boyd, Navy Exchange Officer, and Exchange Store manager Robert Meyer, snip the tinsel ribbon to open the Exchange's Christmas Toyland at Bennington Plaza. Located in the old beauty shop, Toyland opened last week and is offering patrons special layaway plans to ease the financial pinch of playing Santa for the kids.

FRIDAY Sept. 29
(FM) (104 min.) When L. A. disc jockey Michael Brandon is told to accept advertising that conflicts with his listeners' interests, he quits rather than destroy his image. His fans rally to his support. Lots of rock music played by outstanding groups make up the sound track. (Comedy, rated PG)

SATURDAY Sept. 30
No 1-30 Matinee today
(Alice, Sweet Alice) (113 min.) A mysterious string of murders begins with the strangulation of Paula Sheppard's sister, Brooke Shields, whose body is then burned. Next, Sheppard's aunt is stabbed by a masked assailant; her father is murdered; and an Avon lady, the landlord and a priest are killed. (Horror drama, rated R)

MONDAY & TUESDAY Oct. 2 & 3
(Think Dirty) (96 min.) A naive advertising executive, Marty Feldman, is caught up in an idea of his boss, Shelly Berman, to promote a sexy new image for a cereal. Feldman's wife is involved in a clean-up TV campaign while their son has switched from collecting stamps to collecting women's panties. When their maid becomes a top contender in a contest to find a sexy star for the new line of commercials, havoc reigns. (Comedy, rated PG)

WEDNESDAY Oct. 4
(Turning Point) (119 min.) This story picks up on the friendship of two women, Anne Bancroft and Shirley MacLaine, 20 years after MacLaine has given up a promising career as a ballerina and Bancroft cement their relationship, despite MacLaine's belief that she would have been the star if she hadn't sacrificed her career for her family. (Drama, rated PG)

THURSDAY Oct. 5
(Golden Moments) (119 min.) This is the theme of the 1978 Combined Federal Campaign, which will begin at 11 a.m. at the intersection of Triangle Drive and No. China Lake Blvd. The route of the parade will follow Ridgecrest's main street to a dispersal point in the East Kern County Regional Park — just off the Burroughs High School access road.

In order to achieve a single unified campaign among Federal personnel, eligible voluntary agencies wishing to conduct fund-raising within the Federal Service must participate within the framework of the Combined Federal Campaign.

The CFC is administered by the Civil Service Commission and governs the solicitation of 5 million Civil Service and military personnel at their places of employment or duty.

When there are a number of Federal agency offices and installations in the same local area, interagency coordination is necessary to achieve an effective community-wide campaign. In Indian Wells Valley, the Naval Weapons Center serves as campaign coordinator for the other two Federal agencies represented here — the

Authorized Fund-Raising Method

The CFC is now the only authorized fund-raising method in all areas of the United States in which 200 or more Federal employees are located.

In order to achieve a single unified campaign among Federal personnel, eligible voluntary agencies wishing to conduct fund-raising within the Federal Service must participate within the framework of the Combined Federal Campaign.

The CFC is administered by the Civil Service Commission and governs the solicitation of 5 million Civil Service and military personnel at their places of employment or duty.

In the lead division of the parade, which is to be led by a mounted color guard from the Marine Corps Logistics Support Base, Pacific, at Barstow, will be Mollie Bee,

country and western music star who is the parade's grand marshal, and vehicles carrying Capt. F. H. M. Kinley, NWC Vice

not be here this weekend.

Southern California amusement centers offering Navy birthday discount specials

With the Navy's 203rd birthday coming up on Oct. 13, three family amusement centers in Southern California are featuring military discount specials next month.

From Oct. 7 through Oct. 22, Universal Studios is featuring a 20 percent discount from regular admission prices for active duty and retired military personnel, as well as civilian employees of the Department of Defense and their dependents.

The Universal Studios Tour discount tickets will mean a savings of \$2.35 over the cost of regular admission during this period. The discount will be applied upon presentation of a military I.D. card at the box office.

In addition to a tour of movie production sets, there are several Universal Studios side attractions.

COM to issue \$3 bonus certificates to club members

As the result of a recent recommendation by the Advisory Board of the Commissioned Officers' Mess, the issuance of a \$3 bonus certificate to COM members will be initiated on a trial basis starting in October.

There is a twofold purpose behind the bonus certificate. It is to show appreciation to COM members for their support, and to increase the volume of business at the COM in order to pave the way for future attractive events at the club.

During the month written or stamped upon it, the bonus certificate will be redeemable by COM members or their spouses for a single purchase in the dining room or bar. If an individual's bill is less than \$3, he or she will not receive change or a credit. This is necessary in order to simplify the COM's bookkeeping.

The certificates will not be redeemable at the COM's monthly "Membership Night" fete or for special events, since these activities are already a bonus to members.

The COM's Advisory Board also noted that the bonus certificates are not transferable, and asked the cooperation of all members in insuring the financial integrity of this program.

The certificates are printed on the reverse side of the mailing label for the monthly COM bulletin. To make use of it, COM members need only clip it out, sign it at the time of their purchase, and present it (complete with the mailing label attached) to the cashier at the COM after finishing their meal.

The trip by the China Lakers was concluded by a visit to Rotorua, where the native Maoris and the geysers were the principal attractions.

The program next Thursday night — narrated by the Bennetts and the Norries — will recreate some of the charm of New Zealand for the benefit of those who have never been to this part of the world.

The program subject to change without notice. For further information call NWC ext. 3097 or ext. 2411.

Technical Director Award for mgmt' of Sidewinder program presented to Wayne Doucette

Wayne Doucette, head of the Sidewinder Program Office in the Naval Weapons Center's Engineering Department, on Monday became the latest recipient of the NWC Technical Director Award.

During the presentation of this special Superior Achievement Award, Robert M. Hillyer, Technical Director, commented that in Doucette's case it was an unusual Technical Director Award because it was presented for excellence in the field of management, instead of being exclusively for a noteworthy technical accomplishment.

At China Lake Since 1964
Doucette, who came to work at China Lake in June 1964 after receiving a bachelor's degree in mechanical engineering from San Jose State College, has been with the Engineering Department since he completed a one year tour as a junior professional at NWC.

He assumed the weighty responsibilities of head of the Sidewinder Program Office in April 1976, shortly after receiving a master's degree in Systems Acquisition Management from the Naval Postgraduate School in Monterey.

At the time, the Sidewinder AIM-9L's third Defense System Acquisition Review Council (DESARC) has just been completed. Under Doucette's cognizance for the past 2½ years, a full-time complement of 200 Center employees has (at times) nearly doubled, been heavily involved in guiding the initial production of the AIM-9L, overseeing the integrated logistics support, and providing training for initial Fleet introduction of the weapon.

Doucette's team has also been participating in a co-production program of the AIM-9L in Germany and Norway in order that their air-to-air missiles will be available for the defense of Europe by North Atlantic Treaty Organization (NATO) fighter aircraft.

(Continued on Page 3)

OUTSTANDING EFFORT RECOGNIZED — The Naval Weapons Center's Technical Director Award was presented Monday by R. M. Hillyer (at right) to Wayne Doucette, head of the Sidewinder Program Office. In this instance, the TD Award was presented for excellence in the field of management and was given to Doucette in recognition of his role as the leader of a team effort that has resulted in significant accomplishments which have led to the release for full production of the AIM-9L Sidewinder air-to-air missile.

—Photo by Ron Allen

Truly a Team Effort

"While the Sidewinder effort at the Naval Weapons Center is truly a team effort, you were responsible for drawing the program together and making the overall program successful," it was stated in the letter of commendation that was presented by Hillyer to Doucette.

"Technical guidance is a significant factor in the success of any program. Under your expert direction and coordination the Sidewinder AIM-9L team worked together well, over long hours, until finally the AIM-9L completed its Fleet operational test and evaluation and has since been released to full production," the letter from Hillyer continued.

"I consider it (Sidewinder) the most important program on the Center," Hillyer told Doucette and others present at the weekly Commander's meeting, adding that "it is the only major system for which we have total technical responsibility."

"This program is managed and run in a

Combined Federal Campaign to open Monday; goal is \$120,000

Combined Federal Campaign to open Monday; goal is \$120,000

The 1978 Combined Federal Campaign begins Monday and will run until the end of the month. The campaign may be extended if this year's goal of \$120,000 is not reached, Capt. W. B. Haff, the campaign's military co-chairman, said.

Money donated or pledged in a Combined Federal Campaign is either designated by the contributor for a specific voluntary organization or the contribution may be an undesignated donation.

Undesignated funds are distributed

Parade on Saturday highlight of Desert Empire Fair

It's fairtime again in the Indian Wells Valley, and the highlight of this year's Desert Empire Fair, which began Wednesday evening and will continue through Sunday, will be a gala parade tomorrow morning on N. China Lake Blvd. in Ridgecrest.

The Combined Federal Campaign (CFC) was established by the Federal government in 1956 to eliminate the multiplicity of fund drives that had begun to create a burden on Federal employees. Before the CFC was established, some agencies were soliciting funds for as many as 20 different appeals.

Authorized Fund-Raising Method

The CFC is now the only authorized fund-raising method in all areas of the United States in which 200 or more Federal employees are located.

In order to achieve a single unified campaign among Federal personnel, eligible voluntary agencies wishing to conduct fund-raising within the Federal Service must participate within the framework of the Combined Federal Campaign.

The CFC is administered by the Civil Service Commission and governs the solicitation of 5 million Civil Service and military personnel at their places of employment or duty.

When there are a number of Federal agency offices and installations in the same local area, interagency coordination is necessary to achieve an effective community-wide campaign. In Indian Wells Valley, the Naval Weapons Center serves as campaign coordinator for the other two Federal agencies represented here — the

Empire Fair parade.

Principal categories in the parade competition are equestrian, bands, majorettes, drum majors, color guards, drill teams, floats and a miscellaneous category which includes decorated vehicles and bicycles, antique automobiles, clowns and novelty entries.

In addition to the participation by Capt. Kinley and his wife, NWC and the Navy will be represented in the parade by the NWC Sidewinder color guard and drill team, under the direction of ABH1 James Hughes, and a large, scale model of the cruiser Los Angeles will again be entered by the Navy Recruiting Office.

Division marshals who will lead the various sections of the parade (all nominated by local clubs and organizations and selected by a drawing of names) are Harvey

Burroughs varsity gridders upset Bakersfield, 27-19

The expectations of Bruce Bernhardi, head coach of the Burroughs High School varsity football team, that the Burros might surprise some of their opponents this fall proved to be right on target in the season opened last Friday night.

The Burros pulled the rug out from under the Bakersfield High School Drillers, upsetting them by a score of 27-19 during a game played in Bakersfield.

Also victorious was the Burroughs High sophomore team which edged Bakersfield, 7-6, while the Burros' freshman squad came out on the short end of a 13-0 score against Bakersfield.

Tonight, the Burroughs High varsity gridders will travel to Victorville for another non-league tilt — this one against Victor Valley High School. Kick-off time for the varsity game is 7:30 p.m. It will follow a sophomore game that is scheduled to start at 5 o'clock.

In the Burros vs. Drillers varsity clash, the local high school eleven combined a quick-striking offense with a tough defense to knock off the Bakersfield squad.

Burros Hit Paydirt First

The Burros struck paydirt first when tailback Lee McDowell climaxed a 69-yd. drive with a 4-yd. burst off tackle in the first quarter of play. A try for the point after touchdown failed and the local teal team led 6-0.

In the second period of play, the two teams traded touchdowns. The Burros' tally came on a short pass from quarterback Richie Drake to split end Rob Tomaras. The pay-off pitch topped off a 44-yd. drive and Scott Cary booted the PAT to give the Burroughs varsity a 13-0 lead.

The Drillers' offense, which had picked up only a stingy 28 yds. against the rugged Burros' defense in the first period of play, came to life a bit in the second period of play and finally produced a touchdown on a 3-yd. run by Gary Mosby that came with just 30 sec. left to play in the half. The Drillers try for the PAT failed and the two teams left the field at the midway point in the game with Burroughs High on top by a score of 13-6.

Local Increase Lead

Exhilarated by their first half showing, the Burros continued to maintain the upper hand by scoring two more times in the third quarter. Early in the third stanza, McDowell tallied his second touchdown of the game on a 3-yd. run. This score was set up by linebacker Mark Gritton's interception of a Bakersfield pass which he returned to the Drillers' 5-yd. line.

Moments later, the Burros covered 48 yds. in three plays, the last of which was a 23-yd. scamper by quarterback Drake for another tally. Cary's successful kicks for

the PAT after both scores boosted the Burros' lead to 27-6.

There was no further scoring in the third period, but in the fourth quarter, the momentum switched to the Bakersfield Drillers, who tallied twice to reduce the Burros' final margin of victory to 27-19.

David Smith, who only a week before had been Bakersfield's leading ground gainer with 189 yards but was held to a gain of just 11 yards rushing against Burroughs, scored from the 2-yd. line for the Drillers a first down on the local team's 33 yd. line.

A pass thrown into the end zone was incomplete, and the Drillers' final threat was stopped by a pass interception with just 7 sec. left to play in the game.

The game's final score came on a pass from quarterback Rick Van Horne to Bob

DEFENSIVE BATTLE STAGED — A short gain was picked up on a pass caught by Marty Lyle, an end for Acme, Inc., football team, as this photo was snapped. Closing in on defense for the Head Knockers is Greg Bishop (back to camera, at left), while Paul Wharton (No. 11 at right), tries to get in position to block for the pass receiver. The Head Knockers won the game, 13-0. —Photo by Ron Allen

Head Knockers set pace in flag football league at China Lake

The Head Knockers, led by quarterback Andy Price as player-coach, are off to a fast start in the China Lake Intramural Flag Football League.

In the two games they have played so far this season, the Head Knockers — a squad composed exclusively of military personnel with the exception of one civilian (Sid Cavalliere) — have outscored their opponents 56-0 and the team's defense has allowed just one first down.

This past Monday night, the Head Knockers found the going a bit more difficult as they posted a 13-0 win over Acme, Inc., the Drillers' 5-yd. line.

In their season opener against the Renegades, the Head Knockers waltzed to a 23-yd. scamper by quarterback Price accounted for two touchdowns in this lopsided contest,

Tucker on a play that covered 27 yds. Rick Pruitt made good on one of three tries for the PAT.

The Drillers also came close to scoring a third touchdown with less than 30 sec. left to play in the game. The Bakersfield team began a drive from its own 34 with a scrambling run by quarterback Van Horne that gained 18 yds. Next, a pass interference call against Burroughs gave the Drillers a first down on the local team's 33 yd. line.

A pass thrown into the end zone was incomplete, and the Drillers' final threat was stopped by a pass interception with just 7 sec. left to play in the game.

The game's final score came on a pass from quarterback Rick Van Horne to Bob

1st regular season youth soccer games to be played Sat.

With last week's practice games out of the way, teams competing in the Youth Center Soccer League will engage in their first regular contests of the fall season tomorrow morning at Davidov Field.

Action will get underway at 8:30 a.m. with a game between the Kicks and the Tornado, two National Division teams (for fifth and sixth graders). The remainder of tomorrow's Youth Soccer League schedule is as follows:

Sting vs. Hurricane, 10 a.m.; Lancers vs. Rogues, 11 a.m.; Strikers vs. Timbers, noon; Express vs. Rowdies, 1 p.m., and Sockers vs. Earthquakes, 2 p.m.

In addition, there also will be a game at 5:15 p.m. on Monday between the Kicks and Tornado teams.

At the present time, just two openings exist for players on Youth Center Soccer League teams. The teams with vacancies are the Strikers and the Timbers, both members of the American Division (for third and fourth graders).

Boys or girls interested in playing for the Strikers should contact John Piri by calling NWC ext. 3895, while Floyd Richards, coach

NO TOE DANCE — As this photo was taken, Nick Holzer of the Lancers can be seen maneuvering the ball past an opposing soccer player for the Rogues. Despite Holzer's finesse on this play, the Rogues edged the Lancers, 1-0, in a practice game last Saturday.

of the Timbers, can be called on NWC ext. 3464. When these two vacancies are filled, a waiting list for Youth Center Soccer League players will be started.

In last week's practice session, National Division teams played a round robin series of abbreviated contests. The Tornado and Whitecaps battled to a 1-1 draw. The Kicks then outlasted the Whitecaps, 1-0, and the Tornado squad tallied twice with 2 min. the half to defeat the Kicks, 3-1.

An exceptionally competitive American Division is expected following a trio of 1-0 games last Saturday during which the Sting, the Rogues and the Strikers emerged victorious over the Hurricane, the Lancers and the Timbers, respectively.

In the only other 8-man flag football game to be counted so far this season (one game is to be replayed later due to a dispute over the rules), the Acme, Inc., squad scored in the final minute to pull out a 14-13 win over NWC, after NWC had led for almost the entire game.

In two years time, by staging such events as the Robinson Memorial Golf Tournament, the Burroughs High alumni football game, and a country-western dance, the IWV Century Football Association has raised more than \$6,000, and hopes to add substantially to this sum by the golf tournament on Oct. 7.

Robinson Memorial Golf Tourney has 100 entries, more expected

More than 50 two-member teams will be competing in the third annual Frank D. Robinson Memorial Golf Tournament, which is to be held on Saturday, Oct. 7, at the China Lake golf course.

Registration for this event will remain open until the day of the tournament, and the entry list is expected to grow right along with the prize list which (at mid-week) totaled more than \$2,350.

Two-member teams for this partner's best ball tournament can sign up at the golf course pro shop, or notify either Curt Bryan, the tourney chairman, by calling NWC ext. 2922, or Denny Kline, phone NWC ext. 3379, if they wish to enter.

The registration fee of \$25 per team covers both the charge for playing golf and a dinner and dance at the Commissioned Officers' Mess on the evening of Oct. 7 during which the various awards and prizes will be presented.

The first prize for the teams which post the low gross, low net and low Peoria scores will be a Zenith Voyager 12-in. television set. In addition, the prize list includes certificates redeemable for merchandise at local business places, as well as U.S. Savings Bonds.

This time the PAT was good on a pass from Price to halfback Ed Timmons and the final points of the Head Knockers' 13-0 win over Acme, Inc., were on the scoreboard.

Outstanding players on defense for the Head Knockers so far this season have been Mike Hosmer and Bill Linehart at the end positions, linebacker Bruce Marsev, and Cavalliere, the team's deep safety.

On offense, the line has been anchored by Gary Fecteau; Barrows has been a standout at wide receiver, and halfback Chuck Pike has been a good blocker and ball carrier.

In the only other 8-man flag football game to be counted so far this season (one game is to be replayed later due to a dispute over the rules), the Acme, Inc., squad scored in the final minute to pull out a 14-13 win over NWC, after NWC had led for almost the entire game.

Desert Empire Fair underway . . .

(Continued from Page 1)

Anderson, will be traveling here for its first appearance in the Desert Empire Fair parade.

Following the parade, activities will be resumed at the Desert Empire Fairgrounds, which will be open from 1 to 11 p.m. on Saturday; 1 to 10 p.m. on Sunday (its closing night), and this evening from 5 to 11 o'clock. Admission is 50 cents for everyone 13 years of age and over.

Fairgoers will find a wide array of carnival and midway attractions brought here by the Butler Amusements Co. of San Jose, as well as food and refreshment booths that will be operated by local clubs and organizations.

Right after the parade at 1 p.m. at the fairgrounds, plaques that are to be awarded to first, second and third place winners in the various categories of parade competition will be presented. These plaques have been made in the shape of Kern County and have a Desert Empire Fair medallion that marks the location of Ridgecrest.

Special entertainment on Saturday afternoon and evening will include a free outdoor show at 3 and 8 o'clock on the stage

TD Award . . .

(Continued from Page 1)

Also during this time the AIM-9L product improvement program was started and has been developed into a full-fledged program of its own — the AIM-9M. The AIM-9M development involves Weapons Department personnel on the Guidance and Control Unit and Fuze and Sensors Department personnel on the Target Detection. This joint-service development program will improve operational characteristics of the missile in some adverse environments and reduce its cost.

This past June, the prestigious Daedalian Weapon System Award for 1978 was awarded to the Sidewinder program and was accepted on behalf of the Naval Weapons Center by Rear Admiral William L. Harris, NWC Commander, during a banquet held in San Antonio, Tex.

Joining RADM. Harris in accepting this award and the Col. Franklin C. Wolfe perpetual trophy were Capt. Willard H. Van Dyke, Jr., project manager for the Naval Air Systems Command's Infrared Missile Systems, and Doucette.

The latter, after being contacted on Monday following the presentation to him of the NWC Technical Director Award, expressed his personal thanks "to everyone involved in the Sidewinder program for the technical excellence and personal dedication they have shown to the development."

Parris provided the fiscal planning support necessary to obtain DoD approval of the request for purchase of the on-site calibration van.

NWC technical personnel not now utilizing the on-site calibration services can make arrangements to do so by calling either Marvin or McConnell at NWC ext. 2103.

During 1976, Nelson anticipated the need

at the fairgrounds featuring Mollie Bee, well-known western music star; Johnny O'Brien, a comedian and harmonica player; and a unicycle act presented by the Saxons, a husband and wife team who have appeared in Las Vegas. This same show will be repeated at 2 and 7 p.m. Sunday.

Special events scheduled tonight include a gymnastics demonstration at 6, a beer drinking contest at 8, and entertainment by "Thin Ice," a local musical group, at 9.

Other activities planned Saturday evening are a judo club demonstration at 5 o'clock, a 4-H Club training demonstration at 6 o'clock, and pie judging competition at 6:30.

When the fairgrounds reopen at 1 p.m. Sunday, activities will get underway with a pie-eating contest and, following the 2 p.m. show by Mollie Bee, Johnny O'Brien and the

The Saxons,

Unicycle Act

Saxons. There will be a number of other contests that have been scheduled at 30 min. intervals beginning with turtle races at 4 p.m.

Exhibits and demonstrations by local 4-H Clubbers will be held tonight and tomorrow afternoon and evening at the rodeo grounds; and Joshua Hall, the Desert Empire Fair's permanent exhibit building, will be packed with booths at which more than 60 exhibitors will be displaying a wide variety of commercial products, and politicians seeking election or reelection in November will be out to greet the public.

Quick return asked of annual parent-pupil survey cards

All students enrolled in the Sierra Sands Unified School District will be bringing home a parent-pupil survey card to be filled out and signed by a parent or guardian of the student.

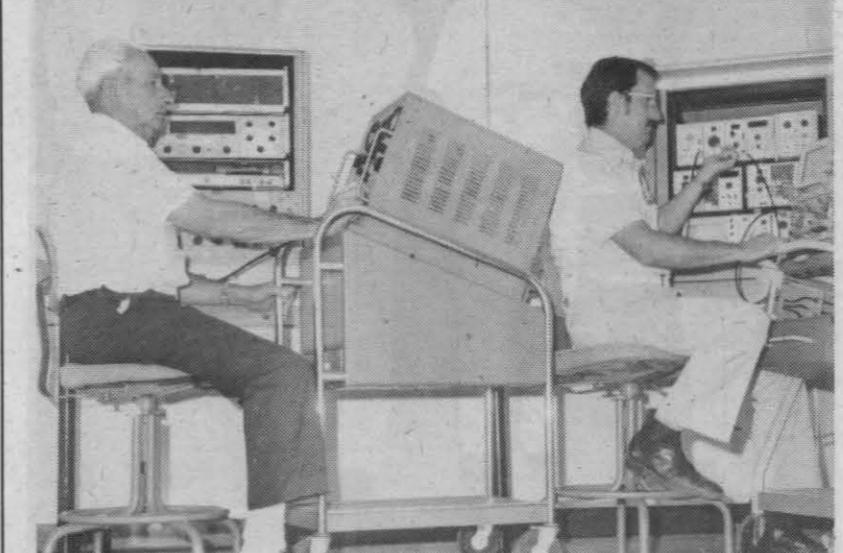

The Federal government provides financial assistance to the local school district if a student lives on Federal property, or if the student's parent or guardian works on Federal property. In order to substantiate the school district's claim for financial assistance, the information called for on the card must be obtained for each pupil once each year.

Elementary school students will be bringing their parent-pupil survey cards home today, while students who attend Burroughs and Mesquite High Schools will bring their cards home on Monday.

"Your assistance in completing and returning the card to your child's school immediately will be appreciated," Grant Pinney, assistant superintendent for business, stated.

"Please complete the card and return it regardless of where you work. In order to qualify for Federal funds in full, we must have a card for each child in attendance," the assistant superintendent added.

Also, it was noted by Pinney, make sure that the parent-pupil survey card is signed at the lower right-hand corner by either a parent or guardian of the youngster attending school.

INSIDE CALIBRATION VAN — Charles Marvin (at left) and Duane McConnell are the operators of the Engineering Department's new on-site calibration van. As this photo was taken, Marvin was operating an electronic counter to calibrate a signal generator. McConnell is using an oscilloscope calibration system.

purpose of the Robinson Memorial Golf Tournament, which is sponsored by the Indian Wells Valley Century Football Association, is to honor the memory of the late Frank Robinson, who was a well-known local sports enthusiast and supporter of sports programs in the local area, and to raise funds for the improvement of the Burroughs High School stadium facilities.

The registration fee of \$25 per team covers both the charge for playing golf and a dinner and dance at the Commissioned Officers' Mess on the evening of Oct. 7 during which the various awards and prizes will be presented.

The first prize for the teams which post the low gross, low net and low Peoria scores will be a Zenith Voyager 12-in. television set. In addition, the prize list includes certificates redeemable for merchandise at local business places, as well as U.S. Savings Bonds.
