## LISN Wilson runs VX-5 presses

5) Vampire of the Month for April. His outstanding performance of duties in the Print Shop, specifically his contributions to the successful completion of the squadron's quarterly Bat Bulletin, brought him this recognition.

As noted in his commendation letter, "Seaman Wilson's untiring University in Montgomery, effort during plate production, collation, stitching, trimming and wrapping resulted in the sharpest

been selected as Air Test and enable him to carry out all Evaluation Squadron Five's (VX- assigned tasks through to completion. Most notably, he unselfishly volunteered to work off-duty hours during the printing phase."

Wilson has been with VX-5, his first duty station, for one year. "So far, everything is going great with my Navy choice," he said. In his fourth year at Alabama State finances prohibited Wilson from completing a degree in political

INDUSTRIOUS VAMPIRE--LISN Derrick Wilson was named VX-5's Vampire for the month of April.

Lawrence "Derrick" Wilson has and positive professional attitude on his own or through an officer his career he's undecided about the future. "I'd like to stay in the Navy if I'm officer material," Wilson contemplated. "Meanwhile, I enjoy what I'm doing and, as long as newspapers and magazines exist, my new skills

> The Navy hasn't shown him the world yet. The York, Alabama native did his basic training in Orlando, and attended the Defense Mapping School at Ft. Belvoir, Va. before coming to China Lake. He enjoys the quiet here, but as a single person, looks forward to living where there are more entertainment choices.

These days basketball, football and swimming help fill his leisure hours. After making special arrangements with his supervisors, Wilson coached the Murray Jr. High School eighth grade girls' basketball team during the past season. His weekends are often spent visiting family in Los Angeles.

Seaman Wilson believes the Navy helps people grow up. "It's a good place to learn self-discipline," he speaks from experi-

In last week's Skipper Sez column, the Rocketeer staff erroneously stated, "the decision was made to ask eight civilian residents who have occupied the Site B Capehart housing three years or more to relocate off base." There were 18 civilian families who were asked to relocate off base. The Rocketeer staff regrets any misconception this error may have caused.

According to Syble Cope, head of the Housing Office, Services Division, Public Works Department, four additional civilian families are continuing their occupancy in the Site B Capehart until their three year limit is reached.

All China Lakers, including military personnel, civilian employees and their dependents, are invited to submit questions to this column. Such queries must be in good taste and pertain to matters of interest to a large segment of the China Lake community. Answers to these questions are directly from Capt. Douglas Cook. Please call NWC ext 2727 with your question and state whether you are a military member, civilian employee or dependent. No other identification is necessary. Since only three or four question can be answered in the Rocketeer each week, anyone who would like to ensure getting an answer to a question may leave their name and phone number for a direct contact, but otherwise, this is not required. There is no intent that this column be used to subvert

A NAVY FAREWELL--AMH1 Michael and Ramona Keefe got an official send-off from VX-5 shipmates on May 11. The safety petty officer retired after twenty years of service, the final three at Air Test and Evaluation Squadron Five. Children Brandi and Daniel, and Keefe's father, William attended the momentous occasion. The family is headed for Gainesville, Fla. later this summer, where Keefe plans to pursue an engineering degree. Photo by PH3 Robert Foster

"Help us find God"

There is a charming little story about a group of pilgrims who journeyed a great distance to speak to a cave-dwelling monk who lived a quiet life of prayer and meditation.

"Help us to find God," they asked him.

Shaking his head, the hold man replied, "No one can help you

"Why not?" the pilgrims inquired.

"For the same reason," the monk said, "that no one can help a fish find the ocean

We might well ask ourselves where we look to find God. Caught up in the hectic routines that characterize our days, we can very easily forget that God does not keep us at a distance, nor does He reside in some far-away place beyond our reach. The problem is that we are so distracted sometimes that we fail to recognize His abiding presence everywhere and at every moment. Confused by the steady barrage of tasks to be completed and people with whom we must deal, we many times unconsciously refuse Him entrance to our weary hearts and

St. Augustine once said, "Our hearts are restless and will restless be, until they rest in Thee." In the last analysis, it is we who keep Him at a distance and deny Him access to our lives. It is not that we purposely set out to do this. If we were to allow ourselves the luxury of quietly standing back and well away from the many situations that overwhelm us, we might also give ourselves a chance to see that God is really "standing on the sidelines," waiting for us to acknowledge His presence and interest. The wisdom of ages tells us that we frail humans frequently cannot see the forest from the trees. Overcome by this kind of nearsightedness, the weary pilgrams asked the holy man "Help us to find God."

It sometimes takes a concerted effort to stop and to consider the many ways in which God has revealed Himself to us: in the wonders of creation, in the saving work of Jesus Christ, in the life of His Spirit, in the love which we share with others. It takes vision and the insight of faith to "find God" and recognize His presence to us in the people and events of our everyday lives. God is, indeed, there, and of that there can be no doubt. Those who question this might consider the problem involved in helping a fish find the ocean.

By LCdr. S.A. Casimano, CHC, USN Command Chaplain

### FMA Corner: Congress on Hatch Act

Both the House and Seante have now passed legislation repealing much of the Hatch Act, which limits political activity by federal employees. The president says he will veto it. Sponsors are trying to find out whether a compromise with the administration is possible. Lacking that, they will look for ways to solidify the 67 votes the bill received in the Senate -- just enough, with 13 Republicans joining 54 Democrats, to override a veto. The House vote of 297 to 90 last year was well above the two-thirds required to override.

Both versions balance the political rights of federal employees and the national interest in having a federal civil service with no political interest. The core of the Hatch Act would be retained. No covered employee (senior political appointees would be exempt, as they are now) would be allowed to engage in political activity on government time or to use his or her official position for the purpose of influencing an election result. It would be a crime to coerce a covered employee to support a particular candidate or party. Special rules would apply to the solicitation of funds, and the Senate bill would bar an employee from taking leave to run for partisan office.

Much of the pressure behind this bill has come from the Federal Managers' Association.

The White House says it will "undermine the integrity" of the civil service. FMA's belief is it will have much less practical effect than rather flamboyant arguments either side suggests. Civil service will tend to divide politically the same way the citizens it serves. Within reasonable limits set by these bills, Congress can safely free the Feds. By Joe Hibbs

CODE 62 HERO--Dick Boyd, head of the Range Depenartment, presents a commendation to Bill Glenn, who still wears the bandage from the res-

cue effort he made .

Photo by PHAN Cary Brady

### Hero:

### Code 62 worker saluted following neighbor's fire

While relaxing at home on Saturday, May 14, William (Bill) Glenn of the Naval Weapons Center's Range Department's Telemetry Operations Branch, heard cries for help. Upon investigating, Glenn found his 89-year old, blind neighbor with his clothes on fire. Without thought to his own safety, Glenn jumped over the fence separating the two back yards and put out the fire, susaining injuries to his own hand.

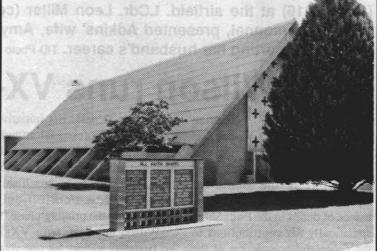

In honor of this act. Glenn. was recently awarded a letter of commendation signed by Richard Boyd, head of the Range Department. The letter reads, in part, "I would like to commend you for the unselfish act you performed. . . . Your quick thinking and presence of mind enabled you to extinguish the fire on the gentleman without any though to your personal safety. . . . Congratulations on being a good neighbor."

The act of bravery was brought to the attention of Burton Wagner, head, Telemetry Operations Branch, by a letter of appreciation written by the neighbor's son, Gordon Wilcher. "Bill's action," noted Wilcher, "prevented more serious injury which might have otherwise been fatal."

### **NWC Fellows** honored today with awards

At 1 p.m. today, June 15, the **NWC Fellows Program Awards** will be presented in Room 1000D of Michelson Laboratory. William B. Porter, NWC Technical Director, will give the awards.

The NWC Fellows Program was established in June 1988. It honors those individuals, whether they be scientists, engineers, mathematicians or other technologists, with formal peer recognition for their continued outstanding contributions to the technical success of the Nava Weapons Center, Reservations

Sybase, developers of the Sybase High Performance Relational Database and Secure Server & Tools, will have a demonstration of their database and tools on June 20 at the Seafarer Club starting at 1 p.m. In addition, they will discuss their B-2 level Secure Server & Tools. For more information, call Jeff Harmon at 213-820-8224.

Imerse yourself in an art experience on Saturday, June 30, at the Cunningham Art Gallery, 1930 R Street, Bakersfield, Calif. The day begins with brunch in the Cunningham Gardens and an exhibit preview of the Visual Arts Festival winners at 11 a.m. Tickets are \$15. Reservations must be made by June 27.

Following the brunch, between 1 and 5 p.m., there will be a tour of local artist studios and a chance to see where and how local artists work. Cost is \$20 for members and \$25 for non-members. For more information, call (805) 823-7219.

Applications are now being accepted for Camp Mountain Meadows, Girl Scouts - Joshua Tree Council's resident summer camp. Located in the Greenhorn Mountains, the camp offers girls 7 to 17 years old the opportunity to participate in traditional camp activities such as hikes and cookouts, songs and games, as well as horseback riding, white water rafting, rock climbing and mountain biking.

One and two week sessions are offered and girls need not be registered Girl Scouts to apply.

For more information, and a free brochure, contact Edith Reimers at (805) 327-1409.

Remi A. Nadeau, PhD., a noted historian and author, will be the guest speaker at the Historical Society's next dinner meeting, which is set for June 19 at the Carriage Inn.

Dr. Nadeau is the great-great-grandson of Remi Nadeau, the founder and operator of an extensive network of freight lines in this area in the 1870s and 80s

The dinner, consisting of a beef or chicken entree, will begin at 6 p.m., followed by Dr. Nadeau's talk. The public is invited to attend. Tickets, which are \$12.50 per person, may be obtained at the Maturango Museum Gift Shop. For more information, call the museum at 375-6900 or Billie Hise at 375-1967.

Members of the Ridgecrest Elks Lodge, 201 E. Church, will hold a special Flag Day celebration tomorrow at 4 p.m. The program inlcudes a parade of flags by area Boy Scouts, a talk in the history of he American Flag and a patriotic talk. At 4:30 p.m. The China Lake Fleet Reserve Association wil properly dispose of torn and tattered flags.

# EEO celebrates diversity in the workforce

TOP SUPERVISOR--Barbara Anderson, head of the Travel Branch, took Supervisor of the Year honors.

DEPARTMENT AWARD--Sandy Rogers, acting head of the Intercept Weapons Department accepts the Commander's Cup for Excellence in EEO from Capt. Douglas Cook, NWC commander and EEO officer, and Kathy Kraft, deputy EEO officer. Code 39 ranked highest in EEO efforts.

THEY RESOLVE COMPLAINTS--Paul Colter, Rosemary Fabi-Stein for their work at resolving EEO complaints at the lowest possible level. Their work contributed to the highest resolution rate within the ties.

Celebration employees were treated to cuisine of foreign countries. The Information Systems Group took the award for their "Best of Both Cultures" booth featuring Mexican food. Lunchers sat on the shaded lawn and watched NONOSINA perform the dances of Polynesia, while a few daring members of the audience

Americana was the theme of Thursday's unchtime festivities. The Circuit Riders provided rousing bluegrass music for employees dining on American cuisine in all its ethnic variety. "Cajun Kitchen," sponsored by the Quality and Productivity Improvement Directorate (Code 05), was that day's winner. Socorro Ramirez and Donna Smiley organized events for the two days. Both agree participants put more effort into decorating this year, adding to the enthusiasm. They extend special thanks to the crew from Public Works, military volunteers, judges, and emcee Richard Craney. Randy Kirkendoll, this year's AHW com-

mittee co-chair concurred. "It's nice to work in an environment that allows, even encourages employees to participate in these events," he said. "The committee may have pulled the A special group whole thing together, but the volunteers award went to (thank-you Jim Byrd, Marv Perkins and Sparky) and participants made it work."

With all the fun events, it's important to keep the celebration centered on EEO. The ano and Jerry Equal Opportunity and Employment Division reported they never had so many unsolicited lauditory comments as they had about this year's awards ceremony. Another positive note. the growing number of EEO award nominees each year seems to indicate increased program interest and awareness.

After all was said and done, Kim Noh, committee chairman felt the week was a success. "I want to thank everyone for their participation, and I hope they will carry the American Heritage message throughout the year."

Special thanks to Maria, Rodrigo, Tammy, SPAWAR activi- Chuck, Craig, Raul, Ricky, Roger, Sue, Greg, John, and all the aforementioned committee members who made last week a success.

# Fishing improves as weather warms

According to the Bishop Chamber of Commerce, summer weather has finally arrived in the Eastern Sierra area. The higher lakes and streams have comfortable temperatures and the fishing is great! In the Big Pine area, the Owens River is releasing 14-16 oz. fish,

with the black Panther Martin lure having the best results. Big Pine Creek is only fair, redworms or powerbait are recommended.

Fishing in the Bishop area has been good. Pleasant Valley Reservoir is having consistent fishing with rainbows running in the 14 inch size. Powerbait is the best bet. Anglers at South Lake has been pulling their limits both at the lake and Bishop Creek. Browns, rainbows and some golden trout are being reeled in on powerbait. Bishop Creek is being stocked on a weekly basis. Sabrina has nice size fish ranging from the 10 to 12 inch size and averaging around 1/2 lb. each. For shore fishing, try nightcrawlers or orange powerbait. A Dave Davis with worm is best for trolling. Paradise on the Lower Rock Creek is excellent for catching limits, with the average trout size being 12 inches and an occasional 2 lb. trout being caught Salmon eggs or powerbait are best. Owens River is best for flyfishing or lures. A 3 lb. 1/4 oz. golden trout, measuring 18 1/2 inches, was caught at Hidden Lake (located in the area known as Coyote Flats) on powerbait.

Crowley Lake is the hot spot for fishing. It has recently had a plant of 120 trout ranging from 3 to 5 lbs and three more plants are going to be made throughout the fishing season. A 4 3/4 lb. brown was caught by an angler trolling with a needlefish. Shore fishing is good, with the north end of the lake being the best location. Worms or fly with bubble are having the best results.

# China Lake trounces Pt. Mugu's softball team in double header

Improving their standing to 4-6, the Naval Weapons Center Varsity Softball team trounced Pt. Mugu in both games of a double header this past weekend. According to Coach ACC Leon Hillewaert, the military members are "jelling as a team and supporting each other."

when Vinnie Hunsicker hit a two-run homer in the on base with a walk. Mike Bumberger's base hit scored Ryan Hendricks and Robbie Rankins who had each reached base on a single. Bumberger was hit home by Bo Layton's double.

The local team only allowed their opponents to score one run in the first inning.

Eric Blyly started off the second inning with a single and was brought home on Carter Henson's ble header was China Lake 19, Pt. Mugu 10. triple. Steve Bangs hit a single and Terry Boren reached base on an error. Batting a 1,000, Love drove Henson and Bangs home with a single. Boren hosts Long and Love both scored off a homer by Rankins.

Pt. Mugu almost caught up in the second inning, scoring eight runs.

Mark Heumann and Blyly scored in the third inning off Henson's double and Hendricks and Bumberger scored in the fourth.

With two outs in the fifth inning, Hunsicker hit a days beginning grand slam, scoring Bangs, Boren, and Love, bringing the score 19-11.

Sixth inning action saw scoring by Bruce Bull (reached on a walk), Heumann (base hit), and Mike Berry (reached on a single). One of those RBIs was credited to Boren for his single.

Pt. Mugu only scored one run in the sixth inning and neither team scored in the seventh. The final The NWC team took the lead in the first game score was NWC 22, Pt. Mugu 12.

The second game was more of the same, with first inning, scoring Dennis Love, who had gotten outstanding hitting by the NWC players. Boren hit 4-5, with four singles. Layton batted 1,000, going 3-3 with three singles.

While Love only batted 2-5, he showed he was a strong hitter by hitting doubles each time. During Hillewaert's only time at bat, he, too, chalked up a two-base hit, earning an RBI.

The final score for the second game of the dou-

Varsity softball action comes to NWC this week-

end as NWC Beach on Saturday and Port Sunday, Double W. played both 11 a.m. Schoeffel Field

# Youth soccer season ends

Weapons Youth Soccer League not turn in a score sheet. played their last game of the season this past weekend. Volunteer coaches said their win/loss records didn't count, as all the players were winners because they had the courage, drive and determination to get involved and to do the best they could.

#### **Division I** Apollos 2, Sounders 0

Successful shots at goal by Karli White and Brian Haugen earned a victory. Efforts by Jared Bowling, Kevin Boland, Jeff Collins and Emerson Ward, along with several saves by Ryan Shine weren't enough in this match.

Stallions 3, Express 0 Whitney Harris, Derrick Begin and Sarah Kirkendoll tried to stop the Stallions. The Stallions did not turn in a score sheet.

#### Hurricanes 1, Owls 0

Defense by Eric Otto and midfield play by Jared Mickelsen and Sheldon Plummer, and a goal by Curtis Monastero, gave the Hurricanes their edge. The Owls did not turn in a score sheet.

Coyotes 1, Cougars 1

The Coyotes displayed improved soccer skills against the Cougars. Outstanding players were Amber Adair and Erik Johnson, who scored the Covotes' lone goal. The Cougars did not turn in a score sheet.

#### Division II Electrons 2, Jets 2

Every play counted in this closely matched contest. Plays by Adam Szymanski and Andy Pape, along with goals by Earl Shiflett and Justin Weidenkopf, kept the Electrons in competition. Ben Labee played an outstanding game for the Jets. Ben Nazek and Lawrence French each scored to end the game in a tie.

#### Wolves 2, Strikers 0

Good goalie defense, good offensive passing and goals by James Fujiwara and Chris Brown put the Wolveson top. Doug Bowman, Rory L'Hommedieu and Ryan Lewis were credited with excellent winning plays. Interesting Strikers' players were John Fath and Phillip Borden, who provided defensive efforts.

Diplomats 3, Rockets 2

Two goals by Chris Long and support by Ian Kaylor, Andrew Sellen, Chandelle Harris and Dana Clark weren't enough for

Members of the Naval the Rockets. The Diplomats did

did not turn in a score sheet. **Division III** 

#### Stings 2, Furies 2

Katy Jo Roberts and Melanie Westberry were instrumental in keeping the Furies from getting ahead. Kevin Nowicki and Ben Coleman scored for the Stings. Erica Lewis', Heather Busby's, Aaron Knecht's, Daniel Bolin's and Randy Martin's skills made the Furies a tough team. Glen Conrad kicked in both Furies'

# Integrity and Efficiency Program at work

Millions of taxpayers dollars are at stake in fraud, waste and abuse incidents worldwide

lars are lost through fraud, and much more loss or injury to the government. Examples gram and how they can benefit from it. in the problem, the Office of Counsel and is lost by waste and abuse. The Naval of fraud include accepting bribes or gratu-Weapons Center is not immune to these ities, falsifying records or making false fraud, waste and abuse to be a serious matlosses. In one case, investigated by the statements. staff of the Integrity and Efficiency Program, a Center employee was involved in a ing between the two, waste and abuse are schedule. Kaupp will also brief individual travel fraud which resulted in the loss of both defined as "the extravagant, careless codes about the program upon request. his job and reimbursement of more than

#### Manager attempts to detect and deter fraud. waste and abuse of Navy resources

The Integrity and Efficiency Program at the Naval Weapons Center is also know as the fraud, waste and abuse prevention program. At NWC and throughout the Navy, personnel in these programs attempt to detect and deter fraud, waste and abuse. Their goal is preserving resources available to the Navy.

By definition, according to Naval Weapons Center Instruction 5370.3A, fraud is "any willfull or conscious wrongdoing that adversly affects the government's interests. It includes, but is not limited

Because of the difficulty in distinguishor needless expenditure of government funds, or the consumption of government tices, systems, controls or decisions," by NAVWPCENINST 5370.3A. Examples acceptance of goods or services and unnecessary purchase of goods or services.

"Time abuse is the most common," said Steve Kaupp, NWC's Integrity and Efficiency Program manager for the past three years. Time abuse can include chronic tardiness, leaving work early, taking extended lunch hours, or any instance where the government is paying the employee for more time than actually worked.

Kaupp said his job, as program manager, encompasses investigating allegations and conditions of fraud, waste and abuse, and educating China Lakers, both employees and management. In his education effort, Kaupp tries to be as proactive as

ter, a briefing on Kaupp's program is now

Once an allegation of fraud, waste or abuse has been made, Kaupp begins the property that results from deficient prac-investigation. If it appears to be a criminal matter he refers the case to the Naval Investigative Service Office at NWC. If might include careless inspection and not, he handles the investigation as an administrative matter.

#### Recommendations go to NWC Commander or department head for any action to be taken

Kaupp noted he proceeds with the case much as a detective would, gathering evidence and making a finding and recom-

The recommendation for action, if any, goes to command, where a final determination is made by the NWC Commander or appropriate department management.

Each year, millions of government dol- to, acts of dishonesty which contribute to a possible to let people know about the pro- If a contractor employee is implicated Because NWC Command considers the Procurement Department are involved in determining appropriate action.

> Allegations of fraud, waste or abuse can included in the New Employee Orientation be reported to the Integrity and Efficiency Program Office through the Command Evaluation Staff (Code 002, formerly Internal Review).

> > This can be done in person, over the phone or in writing. The office is in Room 1012 of the NWC Headquarters Building, or call NWC ext. 3555.

One of the key tools available to Kaupp is the Integrity and Efficiency Hotline. This hotline (NWC ext. 3636) operates 24hours a day, seven-days a week.

Calls can be made anonymously. Kaupp, however, encourages people making a call to identify themselves so he can gather more information if necessary.

This is a sensitive issue, where the appearance of wrong doing can be almost as bad as the real thing.

Where common sense prevails, it's seldom a problem. For more information call Kaupp at NWC ext. 3555.

John Sutherland and AUTOMATIX Present

# **Technical Seminars** on Macintosh II based Image Processing, Analysis Software

Image Analyst, Automatix' menu driven image processing and analysis software program for industrial and scientific applications, will be presented and demonstrated during this seminar. Image Analyst has been awared an honorable mention from MacUser Magazine in its annual Eddy Awards in the Best Data Acquisition/Analysis Product category.

Image Analyst is designed to process both live video and stored images, and then extract quantitative data, which the user can then display on the screen, use to make decisions, or save on disk. Image Analyst features a menu driven user

interface and comes with a powerful set of convolution and morphology routines for image processing, as well as algorithms for pixel counting, grey scale analysis, edge detection, hough transform, normalized correlation, and connectivity analysis. An interactive tool pallet allows users to set the input and color look-up tables, make a variety of on screen measurements (distance, location, grey scale), zoom in and out, conduct in-depth connectivity analysis, and record statistics. This is truly an exciting imaging program for the Macintosh II.

LOCATION: Carriage Inn, 901 N. China Lake Blvd., Ridgecrest, CA 93555

TIME: Tuesday, June 26, 1990. There will be a three hour introduction and user seminar in the morning from 9:00-12:00, and in the afternoon from 13:00-16:00.

> For Additional Information, Contact: John Sutherland P.O. Box 278 Mira Loma, CA 91752 (714) 681-9887

#### Networking seminar set by Code 2711

On June 26, the Networking Services Branch, Communication Division, of Code 27, will host a T-1 and Video Conferencing seminar at the Carriage Inn, 8 a.m. to 1 p.m.

John Scully from Case/Datatel, Irvine, Calif., will be presenting the seminar's information, including definition of T-1, advantage of T-1 and issues with T-1 (bandwidth efficiency, telco compatibility, clocking and timing, diagnostics and troubleshooting, network management, efficient voice and data handling, disaster recovery, video conferencing and fractional T-1 services).

Mike Raymond of Compression Labs, Inc., will present information on Video Teleconferencing. For reservations, please call Susie Maxwell of Case/Datatel at 800-654-0905 or Dave Allen, Code 2711, at NWC ext. 2360.

# Safe summer picnic ideas offered

With the Indian Wells Valley summer here, used for picnics (no leftovers), and food soning bacteria grow rapidly in large portions picnics, pollucks and barbecues will be on the should be handled as little as possible. Choose of food that are cooling or being-reheated increase. While China Lakers enjoy summer the right foods. Plain well-cooked or canned slowly. Divide bulk cooked foods into shallow outings, they will be more pleasant if some meats, salads without dressing, fruit pies and pans for serving and cooling. To avoid food warm weather food care hints are observed simple frosted cakes are less perishable and when food is prepared and served out of

Food poisoning bacteria, microscopic in size, surround us -- in the air, soil, water, in our own digestive tracts and in those of many animals. Food poisoning cannot be seen, smelled or tasted, but it can be prevented by careful attention to safe food handling. To become dangerous, bacteria need food, moisture, warmth, a neutral environment and time to grow or multiply. Summertime temperatures promote the rapid growth of bacteria or bacterial toxins in food items and increase the risk of food poisoning during the summer

For summertime food safety, prevention is the watchword. Prevention begins when picnic shopping is done. Always purchase perishable foods last and take them directly home to be refrigerated. Never leave perishables in a hot car while running other errands.

who participates in the preparation or serving and do not open it unnecessarily. of food should wash their hands thoroughly

good choices for picnic fare.

For a worry-free picnic, keep perishable foods -- ham, potato or macaroni salad, hamburgers, hot dogs, lunch meat, cooked beef or chicken, deviled eggs, custard or cream pies -in a cooler. The cooler should be packed with ice or several freeze-pack inserts. Cold drinks

cooler to the picnic in the passenger section of the car which is much cooler than the trunk. Keep bacteria out of food. Every person At the picnic, place the cooler in the shade

If an outdoor buffet is being served to a before he or she begins. Fresh food should be large group of people, be aware that food poi-

poisoning, keep hot foods hot (over 140 degrees Fahrenheit) and cold foods cold (under 45 degrees Fahrenheit). Be especially careful in handling and serving poultry, gravy, stews, bean dishes, and casseroles; they are

frequent sources of food poisoning outbreaks. If the telltale intestinal flu-like symptoms (diarrhea, vomiting, cramping) occur, the fol-

lowing are recommended: •If the symptoms are mild, treat them like flu -- rest and drink plenty of fluid.

•If symptoms get worse or become severe, or the victim is quite young, elderly or suffers from a chronic condition -- see a physician.

·When a number of people develop symptoms of food poisoning -- call your local Environmental Health Department. Have the following information ready -- your name, address, day time phone number and a brief explanation of the incident.

For additional information on food safety, call the Kern County Department of Environmental health Services at (805) 861-3636 or the Health Department's Division of Health Promotion and Public Information at (805)

What software is available for the IBM PC for creating flowcharts? I've used MacFlow before but I do not regularly have access to a Macintosh.

I'll highlight some of the more prominent features of two popular flowcharting applications for IBM PC and compatible computers; EasyFlow by Haventree Software and Flowcharting II+ by Patton & Patton.

Both programs are fairly simple to use,, there are some distinct differences also. EasyFlow requires a minimum of 512K ain memory to run effectively. EasyFlow's text style is extreme-

ly limited, where Flowcharting II+ has several styles to choose from; but neither has the good selection available in MacFlow. palette and modify the size of the Both applications support a symbol at the time of selection. mouse driver which greatly simplifies the use of menus and sym-

EasyFlow's symbol selection mechanism sounds cumbersome when you first read the instructions, but is really quite easy to use. A symbol is selected by typing an alphabetic character in the edit box. But, you can use the mouse to scan all available symbols and corresponding characters. A real plus for EasyFlow is the use of a grid which spaces symbols for easy horizontal and an existing chart, EasyFlow will lines; this saves a great deal of hassle when editing. Pull down menus are similar to using any Mac menu, but are only utilized

### NCMA group meeting on June 21

Dan Bailey, vice president for corporate development of COMAR-CO is the scheduled guest speaker when the area chapter of National Contract Management Association (NCMA) meet at 11:30 a.m. at the Texas Cattle Company on June 21.

Lunch is from the menu and reservations are urged. Call Lauri at 446-7671, ext. 391 to make reservations.

Bailey will discuss "Best Value Proposal in an Era of TQM." His experience from the contractor's point of view should be of interest to anyone writing or reviewing proposals.

#### Lead-free solder uses required

Title 42, United States Code, Chapter 6A, Subchapter 12, Section 300 F-J (Federal Safe Drinking Water Act), California State Plumbing Code, Title 24, Table 5-2B and 5-802D and California Environmental Protection Agency health and Safety Code, Section 300.6 require that the lead content of solder used for internal (potable) water systems be less than 0.02 percent. Naval Weapons Center (NWC) work areas responsible for soldering plumbing connecitons are requested to ensure that all solders used for this purpose meet these requirements.

A lead free solder which meets this requirement is available from ALPHA METALS, 600 Route 440, Jersey City, NJ 07304.

To ensure the health and well-being of NWC employees, it is important that we minimize their lead exposure.

# Personnel News & Notes

#### **Promotional opportunities**

Applications for positions listed below are being accepted from Department of Navy employees currently working at NWC and from eligible employees of attached activities who are permanently assigned to NWC. This group includes employees with career or career conditional appointments; employees with permanent Veterans Readjustment Act (VRA) appointments; temporary employees with reinstatement eligibility; and handicapped employees with Sch. (A) continuing appointments. Also included are spouses, with competitive status, of civilian sponsors hired by a DOD activity within NWC's commuting area. Applications from other groups will be accepted when specified in an advertisement. Vacancies are subject to restrictions imposed by the DOD Priority Placement Program. Applicants must meet all legal and regulatory requirements, including minimum qualifications requirements, by the closing date of the advertisement Evaluation of applicant's qualifications will involve using at least two assessment measures. Assessment measures are work experience, annual performance assessment rating and narrative, education, training, performance assessment and awards.

Eligible spouses (of military sponsors) with competitive employment status may apply for employment preference. Those enrolled in this program will automatically receive consideration for employment on vacancies for which they applied. For initial employment information, career counseling and enrollment, call 939-3317 for an appointment.

HOW TO APPLY: Submit the following: a current application, SF-171 or other Human Resources Department pre-approved form; a copy of your most recent annual performance assessment narrative (note: a copy of your performance plan should be attached if the annual performance narrative description does not clearly state the tasks/duties performed); and a completed Background Survey Questionnaire. A supplemental narrative which relates your qualifications to each knowledge, skill or ability (KSAs) as cited in the advertisement is always desirable and may be required if stated in the vacancy announcement. Write the title, series, level (grade), and nnouncement number on all application materials. Not submitting the annual performance narrative may adversely affect your evaluation scores. Prior to submitting your application, complete Cover Sheet Form 12335/2, available at the reception desk. Make sure your address, phone number, etc. are current, correct and that all forms are complete and accurate. If information is missing, your qualifications may not be fully and completely rated. Additional information cannot be submitted after the closing date of the announcement. A current date and a signature on the last page completes the application. Civilian Spousal Program Eligibles with competitive mployment status must submit a copy of their sponsor's PCS orders with each application in order to be considered for Merit Promotion vacancies which do not state that status eligibles may apply.

Application materials are accepted, and blank forms are available, at the

Reception Desk, Room 100, Human Resources Department, 505 Blandy. ments close at 4:30 p.m. on Friday, one week after the opening date of the announcement, unless otherwise specified. Applications received after 4:30 p.m. on the closing date will not be considered. Copies of Applications may be submitted since applications are kept in an announcement file and cannot be returned or filed in personnel folders. The Naval Weapons Center is an Equal Opportunity Employer; selections are made withou discrimination for any non-merit reason

## Good food, friends and fun . . .

Two warm summer days last week, the wind stopped blowing and NWC employees turned out for lunch on the Headquarters Building lawn to celebrate their diverse American Heritage.

International Day featured foods from around the world and entertainment by the NONOSINA Polynesian Revue.

The Information Systems Department (Code 27) won the prize for the booth best decorated to reflect this year's theme: Your Past--Our Future. Their Mexican food booth was decorated with two murals--one reflecting historic Mexican architecture, the other showing its influence on current and future style in America. They named it "The Best of Both."

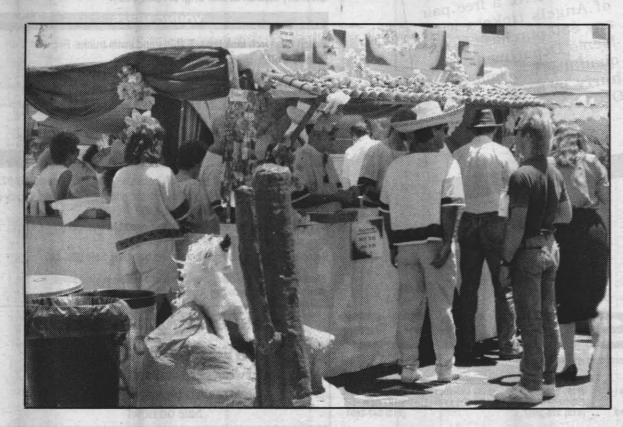

In the shade of the towering cottonwoods, the Polynesian girls instructed would-be hula dancers how to move to the music while employees looked on and sampled a variety of foreign foods.

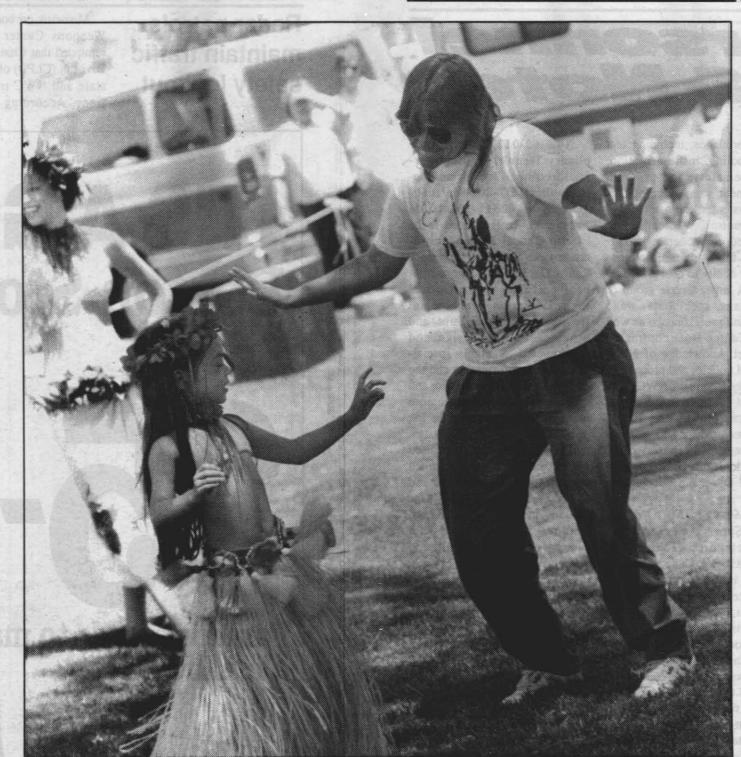

On Thursday, Americana was the setting. From coast to coast and border to border, America has a wide variety of ethnicity.

The deep South provided inspiration for the winning booth of the Quality and Productivity Improvement Directorate (Code 05). Their Cajun Kitchen appeared straight from the swamp and emphasized the growing popularity of old-fashion Cajun red beans and rice in the nation's quest for a healthier lifestyle.

Bluegrass music provided by the Circuit Riders added to the air of celebration. Children from the NWC day care facility entertained the crowd as they danced with abandon to old music made new.

INTERNATIONAL DAY--At Wednesay's celebration on the NWC Headquarters front lawn, our international heritage was displayed in Polynesian dances and foods from around the world. At right: is that Linda Finco learning the Hula? Below: Code 27's award winning "Best of Both" Mexican food booth drew a crowd.

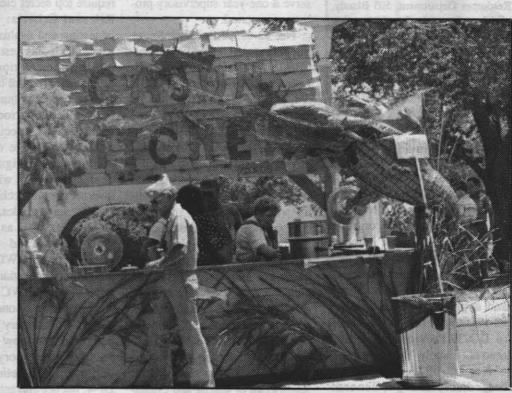

AMERICAN MUSIC--above, the Circuit Riders, a progressive bluegrass band, entertained employees who sampled a variety of American ethnic foods.

SPLAT--A Code 28 manager takes a wet sponge in the face at the "Slay the Dragon sponge toss." The Office of the Comptroller chose as their theme, "A Renaissance of Quality."

Naval Weapons Center American Heritage Week 4 - 8 June 1990 "Your Past - Our Future"

CAJUN KITCHEN-You could almost hear the frogs croaking at Code 05's version of a bayou shack serving red beans and rice. Complete with gators, swamp grass and moss-covered trees, the booth took best-decorated prize on Americana Day.
